UNFOLDS

When you lead a certain kind of life, adventure finds you. Sometimes it's planned. Sometimes it just happens. Either way, you have to be ready to adapt quickly and head out.

Part powerful truck, part upscale SUV, the 2012 Chevy Avalanche is total versatility, total capability. It features the unique **MIDGATE**[®] located behind the rear seats that can be easily lowered, transforming Avalanche from a roomy SUV into a serious pickup with an 8' 2" **CARGO BOX**. A reinforced tailgate helps when loading and unloading heavy items like your mud-kicking, trail-loving ATV.

Then there's the power factor. A **VORTEC**[™] 5.3L V8 with 320 horsepower delivers a mighty 335 lb.-ft. of torque, even as the **ACTIVE FUELMANAGEMENT**[™] technology wrings every mile out of every gallon.¹ The coil-over-shock front suspension and a four-point mounting system on the front axle work together to dampen road chatter for excellent

handling and a smooth ride. In fact, riding in a Chevy Avalanche is so comfortable, you could easily forget that it's also a truck.

Look around the interior and you're struck by unexpected sophistication. **SIRIUSXM**^{™2} Satellite Radio with **NAVTRAFIC**^{2,3} is available to give you endless entertainment while displaying continuously updated traffic and weather information. **ONSTAR**[®] with **DIRECTIONS & CONNECTIONS**,⁴ standard for six months, includes **AUTOMATIC CRASH RESPONSE**, so in the event of a collision an alert can be sent—even if you can't respond. For select phones, **BLUETOOTH**⁵ wireless technology is standard, as is a **USB PORT**.⁶ And if this isn't enough to keep you connected, Chevy offers available dealer-installed **WI-FI**.⁷ All of which should make you completely prepared for your next adventure. No matter how it unfolds.

THE ADVENTURE UNFOLDS

Fold the rear seats, lower the Midgate and in seconds Avalanche switches from an SUV to a gear-swallowing pickup.

The cargo box stretches to one of the longest beds on the road. A removable three-piece cargo cover slides in to make the bed more secure. Lockable sidewall storage boxes corral loose tools and gear.
