Craftsmanship that attracts AND fuel efficiency that inspires.
Delivers the power of choice.

No matter your preference, there’s a 2014 Ford Fusion that’s right for you. Featuring award-winning exterior design, a range of fuel-efficient engines and an array of driver-assist technologies inside and out, Fusion empowers your choice in sophisticated style. “With its highly fuel-efficient, low-liter, turbo-assisted, gas-powered engines, hybrid and plug-in electric options, there seems to be a Fusion for every midsize driver,” says Autobytel.com, which named Fusion “Autobytel 2013 Sedan of the Year.”

Fusion EcoBoost
The gas-powered Fusion impresses at the pump with its choice of 3 turbocharged, direct-injection EcoBoost engines. And the standard 2.5L gas-engine Fusion provides plenty of fuel efficiency as well.

Fusion Hybrid
Seamlessly switches between a gas-powered engine and an electric motor. Fusion Hybrid has an EPA-estimated rating of 44 city mpg. And the state-of-the-art lithium-ion battery is automatically recharged by the gasoline engine and regenerative braking.

Fusion Energi Plug-In Hybrid
Gives you the option of plugging in or not. And with that choice comes outstanding efficiency, whether in all-electric mode or a combination of gas and electric. And it has an EPA-estimated range of 550 miles.

Available feature. EPA-estimated ratings: 23 city/35 highway/24 combined mpg, 1.5L EcoBoost automatic, actual mileage will vary; 25 city/37 highway/29 combined mpg, 1.6L EcoBoost manual, actual mileage will vary; 22 city/33 highway/26 combined mpg, 2.0L EcoBoost I-4, FWD, actual mileage will vary; 22 city/31 highway/25 combined mpg, 2.0L EcoBoost I-4, AWD, actual mileage will vary. EPA-estimated rating: 22 city/34 highway/26 combined mpg, 2.5L iVCT I-4, actual mileage will vary. EPA-estimated rating: 44 city mpg/42 combined mpg, Hybrid. Actual mileage will vary. EPA-estimated rating: 95 city/81 highway/88 combined MPGe. Actual mileage will vary. MPGe is the EPA equivalent measure of gasoline fuel efficiency for electric mode operation. EPA-estimated rating: 10 city/26 highway/16 combined mpg, 14.0-gallon tank; 19 miles electric. Range calculation based on www.fueleconomy.gov. Actual mileage will vary with conditions such as external elements, driving behavior, vehicle maintenance, and lithium-ion battery age.
Bridges the gap between power and efficiency.

Fusion supplies both. I-4 gas engine choices span from a 2.5L IVCT engine to 3 EcoBoost® turbocharged, direct-injection powerplants. With robust low-end torque and virtually no turbo lag, EcoBoost technology squeezes maximum power from each drop of fuel. Along with impressive efficiency. Equipped with a new 1.5L EcoBoost¹ that’s mated to a 6-speed SelectShift® automatic transmission, Fusion has an EPA-estimated rating of 36 hwy mpg.² The 1.5L EcoBoost can also be equipped with available Auto Start-Stop, which shuts off engine power when Fusion comes to a complete stop and seamlessly restarts it as you release the brake pedal. A 182-hp¹ 1.6L EcoBoost¹ is paired with a 6-speed manual for gear-changing fun. For performance-minded drivers, a 240-hp³ 2.0L EcoBoost¹ teams with a SelectShift automatic,¹ whose 6 speeds can be paddle shifted from the steering wheel. Intelligent all-wheel drive¹ and 19” wheels¹ can also be added on Titanium. As you accelerate through corners, Torque Vectoring Control (standard on all models) enhances your hold on any road.

---
¹Available feature. ²EPA-estimated rating: 23 city/36 hwy/28 combined mpg. 1.5L EcoBoost automatic. Actual mileage will vary. ³Figures achieved using 93-octane premium fuel.
Excels at hybrid mpg fuel efficiency.

The 2014 Fusion Hybrid has an EPA-estimated rating of 44 city mpg. Plus, “no hybrid has ever looked this good,” says TheCarConnection.com. Power-split hybrid architecture helps maximize efficiency by seamlessly switching between the electric traction motor and its 2.0L Atkinson-cycle gasoline I-4 engine. Powered by a state-of-the-art, lithium-ion battery, the traction motor can allow Fusion Hybrid to operate in electric mode at speeds of up to 85 mph. When you’re accelerating at speed or passing, the 2.0L gas engine kicks in as needed to supply extra power. Furthermore, the Regenerative Braking System captures over 90% of brake energy and uses it to help recharge the battery and maximize your efficiency. Even when you’re stopping, you’re moving forward in Fusion Hybrid.

Footnote:
1EPA-estimated rating: 44 city/41 hwy/42 combined mpg. Hybrid. Actual mileage will vary.
RANGES FAR AND WIDE.

Fusion Energi Plug-In Hybrid lets you enjoy an EPA-estimated rating of 95 city MPGe, a gas-plus-electric driving range of 550 miles, and an all-electric driving range of 19 miles. After fully recharging in just 2.5 hours using its LED-illuminated charge port and Ford recommended 240-volt outlet, Fusion Energi may run all electric and use no gasoline at all on short commutes – even while cruising at highway speeds. Constantly measuring the battery state of charge, and your driving conditions, Fusion Energi chooses the most efficient mode of operation – either continuing to run on battery power or turning on the 2.0L Atkinson-cycle gas engine as needed. A 240-volt home charging station by AeroVironment™ is recommended by Ford. The UL-listed, weather-resistant portable charging station is easy to take with you if you relocate. A hard-wired station is also available. To begin the process, please call 1-888-219-6747 or visit evsolutions.com/ford. These charging stations are available with or without full installation services by AeroVironment.

Stay Connected with MyFord Mobile. Our MyFord Mobile app was one reason Fusion Energi was named “Connected Car of the Year 2013” in the energy category by Connected World magazine. The app and website (myfordmobile.com), featuring a charging station locator powered by PlugShare, make it easy to monitor and schedule charging from just about anywhere. To maximize your range, set a departure time and cabin temperature while the vehicle is plugged in. Your preconditioned temperature is then attained by drawing power from the charging station, rather than the battery.3

---

1EPA-estimated rating: 95 city/81 hwy/88 combined MPGe. Actual mileage will vary. MPGe is the EPA equivalent of gasoline fuel efficiency for electric mode operation. 2EPA-estimated rating: 40 city/36 hwy/38 combined mpg. 14.0-gallon tank; 19 miles electric. Range calculation based on www.fueleconomy.gov. Actual mileage will vary with conditions such as external elements, driving behaviors, vehicle maintenance, and lithium-ion battery age. 3Available feature. 4MyFord Mobile subscription complimentary for 5 years from the vehicle sale date as recorded by the dealer. Subscription fees apply after 5 years. MyFord Mobile requires a compatible 2G independent cellular network. Evolving technology and cellular networks may affect future availability and functionality. 5Effectiveness of cabin conditioning may be reduced by extreme outside temperatures or when using 120-volt charging.
Soothes senses. And sensibilities.

From the comforting white of the overhead light to the 7 hues of ambient lighting. LED illumination greets your eyes inside. Your ears will appreciate the peace from acoustic underbody shields and sound-absorption material, as well as the enthusiastic output of the 12-speaker Audio System from Sony. Recharge your power components with a convenient 110-volt outlet. Beyond that, your good sense will also be pleased. Fusion puts plastic bottles and other recycled materials usually destined for landfills to practical reuse. Nearly 40 recycled 16-oz. plastic bottles go into the EcoCloth seats on select models, while recycled material is used for the injection-molded splash shields and other underbody components. Wherever you look, touch or listen, the feeling is the same. Beautifully done.
Connects with your voice.

So you can better connect with friends, family, directions, and more. Sound absorption material minimizes extraneous noise. Active noise cancellation uses the audio system to cancel road noise. In this relaxed atmosphere, Ford SYNC delivers hands-free calls, Bluetooth-streaming music and more with simple voice commands. Once paired, it can download your contacts and play music from your smartphone, MP3, USB or iPod. Just touch a button on the steering wheel and say things like “Call: Hannah” or “Play playlist: Rock.” SYNC AppLink lets you control Pandora, iHeartAuto, SiriusXM and select other apps by voice too. Taking command of your drive is easy in Fusion. SYNC. Say the word.
Responds to your needs.

Press “Accept” on the 8” color LCD touch screen of SYNC® with MyFord Touch® to answer a call from your paired phone. With HD Radio™ Technology² and iTunes® tagging, simply touch the shopping cart icon while a new favorite is playing and purchase it later. SiriusXM® Satellite Radio includes a 6-month Sirius All Access trial subscription. Enjoy every premium satellite radio channel, including commercial-free music, plus sports, news, talk, and entertainment channels. Vehicles with a voice-activated Navigation System² may also receive SiriusXM Traffic and SiriusXM Travel Link services as part of the trial, so you’ll have the ability to look up fuel prices, check local and national weather, and get detailed traffic information.

1Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. 2Available feature.
Helps you find your sweet spot.

When parallel parking. Changing lanes. In traffic. And so much more. Active park assist\(^1\) helps find you a parallel parking spot, then steers Fusion into place as you shift gears and control the brake and accelerator pedals. Our Lane-Keeping System\(^1\) is designed to alert you if it detects Fusion drifting toward a lane marker. If you continue to drift, it shudders the steering wheel, alerting you to steer back toward center. BLIS\(^2\) (Blind Spot Information System) with cross-traffic alert\(^1\) uses a light embedded in each sideview mirror\(^2\) to warn of traffic detected in blind spots as you’re driving forward or traffic nearing either side as you’re slowly backing up. Adaptive cruise control and collision warning with brake support\(^1\) helps maintain a preset gap from the vehicle in front of you and warns you if a potential collision is detected. Wherever you drive, you can be confident that Fusion is your ally on the road.

\(^{1}\)Available feature. \(^{2}\)BLIS replaces standard integrated blind spot mirrors. Lane-Keeping System does not control steering. Driver-assist features are supplemental and do not replace the driver’s judgment.
Brings stability to every drive.

In separate testing, each vehicle in the Fusion lineup earned a 5-star safety rating from the National Highway Traffic Safety Administration (NHTSA), the government’s highest-possible vehicle safety rating. In addition, Ford Fusion has earned a 2013 “Top Safety Pick+” from the Insurance Institute for Highway Safety (IIHS). And it’s no wonder. In addition to 8 standard airbags, Fusion offers new inflatable rear safety belts in its rear outboard seating positions. AdvanceTrac® electronic stability control helps keep things stable, particularly in inclement weather. And Intelligent All-Wheel Drive (AWD) balances torque between the front and rear wheels to enhance handling and maximize traction, typically before wheel slip can even occur.

Ratings based on Overall and Frontal Crash tests. Government 5-star Safety Ratings are part of the U.S. Department of Transportation’s New Car Assessment Program (www.safercar.gov). 2013 Fusion models built after December 2012. 2014 model not yet tested. Available feature. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

SE Luxury Driver Assist Package includes BLIS® (Blind Spot Information System) with cross-traffic alert, Lane-Keeping System, auto high beams, rain-sensing windshield wipers, and 110-volt power outlet (requires 202A and SE MyFord Touch Technology Package)

SE MyFord Touch Technology Package includes SYNC with MyFord Touch voice-activated, in-vehicle connectivity system, which includes SYNC Services, 2 configurable 4.2" color LCD displays in instrument cluster, 8" LCD touch screen in center stack, and media hub with 2 USB ports, SD card reader and audio/video input jacks; rear view camera; dual-zone electronic automatic temperature control; Trunk cargo net; Voice-activated Navigation System with integrated SiriusXM Traffic and Travel Link with 6-month trial subscription (requires SE MyFord Touch Technology Package)
Titanium

Equipment Group 300A
Includes select SE features, plus:

**Mechanical**
- 2.0L EcoBoost® I-4 engine
- 6-speed SelectShift® automatic transmission with paddle shifters

**Seating**
- 4-way power front-passenger seat fore/aft with power recline
- Leather-trimmed Sport seats with heated front seats and driver's side memory with 3 settings

**Interior**
- Aluminum brake and accelerator pedal covers
- Ambient lighting
- Audio System from Sony® with AM/FM stereo/single-CD player with MP3 capability and 12 speakers in 10 locations and HD Radio™ Technology
- Auto-dimming rearview mirror
- Dual-zone electronic automatic temperature control
- Intelligent Access with push-button start and Remote Start System (2 key fob transmitters)
- Leather-wrapped steering wheel and shift knob
- SYNC® with MyFord Touch® voice-activated, in-vehicle connectivity system, which includes SYNC Services1: 2 configurable 4.2” color LCD displays in instrument cluster, 8” LCD touch screen in center stack; and media hub with 2 USB ports, SD card reader and audio/video input jacks

**Exterior**
- 18” polished face wheels with Flash Gray-painted pockets and 235/40R18 all-season tires
- Body-color door handles with chrome insert
- Body-color, power, heated sideview mirrors with memory, security approach lamps, auto-dimming driver’s side, and integrated turn signal indicators and blind spot mirrors
- Dual integrated bright exhaust tips
- Fog lamps
- Rear decklid spoiler
- Rear view camera
- Reverse Sensing System

### Available Options & Packages

18” summer-only tires (requires AWD)

- 19” H-spoke dark stainless-painted aluminum wheels and 235/40R19 all-season tires
- 19” Y-spoke Sparkle Silver-painted aluminum wheels with machined face and 235/40R19 all-season tires
- Active park assist with Forward Sensing System
- Adaptive cruise control and collision warning with brake support
- All-weather floor mats
- Cooled front seats and 10-way power front-passenger seat (late availability)
- Heated steering wheel (late availability)
- Inflatable rear safety belts
- Intelligent all-wheel drive (AWD)

**Interior Appearance Package** includes Brick Red leather-trimmed seats and vinyl door inserts, and premium carpeted front and rear floor mats.
- Power moonroof with universal garage door opener
- Premium carpeted front and rear floor mats plus trunk mat
- Spoiler delete

**Titanium Driver Assist Package** includes BLIS® (Blind Spot Information System) with cross-traffic alert, Lane-Keeping System, auto high beams, rain-sensing windshield wipers, and 110-volt power outlet
- Voice-activated Navigation System with integrated SiriusXM Traffic and Travel Link with 6-month trial subscription

1SYNC Services varies by trim level and model year and may require a subscription. Traffic alerts and turn-by-turn directions are available in select markets. Message and data rates may apply. Ford Motor Company reserves the right to change or discontinue this product service at any time without prior notification or incurring any future obligation.
**Hybrid S**

**Equipment Group 400A**
Includes select S features, plus:

- **Mechanical**
  - 2.0L I4 Atkinson-cycle I-4 HEV engine with permanent-magnet AC-synchronous electric motor
  - Electronically controlled continuously variable transmission (eCVT)
  - Lithium-Ion Battery Pack System
  - Regenerative Braking System
  - Tire mobility kit in lieu of spare tire

- **Seating**
  - 6-way manual driver's seat
  - Unique EcoCloth seats with REPREVE® fabric

- **Interior**
  - Active noise cancellation
  - AM/FM stereo/single-CD player with MP3 capability and 6 speakers
  - Dual-zone electronic automatic temperature control
  - Front carpeted floor mats
  - SmartGauge® with EcoGuide

- **Exterior**
  - 17” 15-spoke Sparkle Silver-painted aluminum wheels with P225/50R17 all-season tires
  - Single bright exhaust tip

**Available Options**
- All-weather floor mats
- Inflatable rear safety belts
- Remote Start System
- Trunk cargo net

**Available Options & Packages**
- 18” premium Luster Nickel-painted aluminum wheels (requires 502A)
- Active park assist with Forward Sensing System (requires 502A, SE MyFord Touch® Technology Package and Reverse Sensing System)
- Adaptive cruise control and collision warning with brake support (requires SE MyFord Touch Technology Package; n/a on 500A)
- Heated steering wheel (requires 502A and SE MyFord Touch Technology Package; late availability)
- Intelligent Access with push-button start (requires 502A and SE MyFord Touch Technology Package)
- Power moonroof with universal garage door opener
- Premium carpeted front and rear floor mats plus trunk mat
- Remote Start System
- Reverse Sensing System

**SE Luxury Driver Assist Package** includes BLIS® (Blind Spot Information System) with cross-traffic alert, Lane-Keeping System, auto high beams, and rain-sensing windshield wipers (requires 502A and SE MyFord Touch Technology Package)

**SE MyFord Touch Technology Package** includes SYNC® with MyFord Touch voice-activated, in-vehicle connectivity system, which includes SYNC Services®; 2 configurable 4.2” color LCD displays in instrument cluster; 8” LCD touch screen in center stack; and media hub with 2 USB ports, SD card reader and audio/video input jacks; 110-volt power outlet; rear view camera; and multi-zone electronic automatic temperature control

- Voice-activated Navigation System with integrated SiriusXM Traffic and Travel Link with 6-month trial subscription (requires SE MyFord Touch Technology Package)

- Voice-activated Navigation System with integrated SiriusXM Traffic and Travel Link with 6-month trial subscription

### Fusion Energi SE

**Equipment Group 700A**  
Includes select Hybrid SE features, plus:

#### Mechanical
- 2.0L I-4 PHEV engine with permanent-magnet AC-synchronous electric motor
- 120-volt convenience charging cable
- Larger capacity Lithium-Ion Battery Pack System

#### Seating
- 4-way power front-passenger seat fore/aft
- Leather-trimmed seats with heated front seats and driver's side memory with 3 settings

#### Interior
- 110-volt power outlet
- EV Mode button with EV Now, EV Later and EV Auto
- Leather-wrapped steering wheel and shift knob
- MyFord® Mobile app with 3-year service agreement
- SYNC® with MyFord Touch® voice-activated in-vehicle connectivity system, which includes SYNC Services:
- 2 configurable 4.2” color LCD displays in instrument cluster;
- 8” color LCD touch screen in center stack;
- and media hub with 2 USB ports, SD card reader and audio/video input jacks

#### Exterior
- 17” 15-spoke Sparkle Silver-painted aluminum wheels with P225/50R17 all-season tires
- Body-color, power, heated sideview mirrors with memory, security approach lamps, auto-dimming driver’s side, and integrated turn signal indicators and blind spot mirrors
- External charge port with LED-illuminated state-of-charge indicator

#### Available Options & Package
- Active park assist with Forward Sensing System (requires Reverse Sensing System)
- Adaptive cruise control and collision warning with brake support
- All-weather floor mats
- Charge cord carrying case by THULE®
- Charge door decal
- Front and rear seat ventilation
- Heated steering wheel (late availability)
- Intelligent Access with push-button start
- Power moonroof with universal garage door opener
- Premium carpeted front and rear floor mats
- Rear view camera
- Reverse Sensing System

≤ 1.5 L-4 PHEV engine with permanent-magnet AC-synchronous electric motor

SYNC Services varies by trim level and model year and may require a subscription. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. Ford Motor Company reserves the right to change or discontinue this product service at any time without prior notification or incurring any future obligation. - Ford Licensed Accessory. - Available feature. Third-party installation required.
New Vehicle Limited Warranty. We want your Ford Fusion ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Fusion unique electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for copies of these limited warranties. 

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. 

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships. 

Genuine Ford Accessories will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty, FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

Comparisons based on 2013/2014 competitive models (Fusion class is Midsize Sedans; Fusion Hybrid class is Midsize Hybrid Sedans; Fusion Energi class is Midsize Plug-In Hybrid Sedans), publicly available information and Ford certification data at time of release. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following release of the PDF, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford Dealer is the best source for up-to-date information. Ford Division reserves the right to change product specifications at any time without incurring obligations.
