Your wildest dreams.

Just got real.
Click to see more of the all-new Mustang.

Designers were challenged to create the most aerodynamic Mustang yet, while giving it an even more aggressive stance. Painstakingly sketched and sculpted, its form was relentlessly refined.

Engineers thoroughly tested the car’s performance using advanced technology in the lab and on the track, then provided the designers with feedback.

Performance is enhanced by subtle elements like the wheel aero curtains – vertical slots at the outer edges of the front fascia. They create a high-pressure region that holds airflow closer to the body and minimizes drag.

Fastback or convertible, the all-new Mustang is our most advanced yet. The stunning result of form and function flowing seamlessly together. A world-class design. Ready to be unleashed on the world.
435-HORSEPOWER¹ HIGH.

¹Using 93-octane fuel.
320 LB.-FT. OF GET-UP-AND-GONE.

Using 93-octane fuel.
FASTBACK. FAST FORWARD.
Every member of the 2015 Mustang family makes a powerful impression. There’s the deep-throated rumble of the GT with its legendary 5.0L. The turbocharged responsiveness of the all-new EcoBoost. And the tried-and-true 300-hp V6. Whether you go for a short-throw manual or a SelectShift automatic, it’s time to put your dream Mustang in gear.

The fastest GT ever packs a more potent V8 under its hood thanks to inspiration from the previous generation’s Boss® 302 engine.

Best-in-class I-4 fuel efficiency, horsepower and torque can all be yours with the 2.3L EcoBoost. Its twin-scroll turbocharger and direct-injection technology deliver all around.

**POWER PLAYERS.**
Lower yourself into the sporty new driver’s seat. Put your foot down. And let the adrenaline flow. Nothing compares to this rush. It’s pure magic. Conjured by the all-new Mustang. A love-at-first-sight, want-you-so-bad, feels-so-good kind of car. One drive. And you’re hooked.

The carefully crafted new interior welcomes all drivers. The steering column tilts and telescopes. Your footrest and accelerator angles match. The shifter’s right where it should be for open access to controls (and cupholders). Plus, the front seats travel farther than in the previous model. And there’s more knee room. All that’s missing is you.
And walks the walk. Mustang backs its hot new look with cool technology. Voice-activated Ford SYNC® with 911 Assist® comes standard. So you can enjoy hands-free calls, Bluetooth®-streaming music and more with simple voice commands.

Once paired, it can download contacts and play music from your smartphone. It can also access your MP3 player, USB or iPod.

Just touch a button on the steering wheel and say things like “Call: Melanie at home” or “Play playlist: Roadtrip.”

Control apps by voice too, such as Pandora®, iHeartAuto™ and the SiriusXM® App, with SYNC AppLink™. Mustang makes it easy for you to stay connected and entertained. SYNC. Say the word.
ROCKS THE COCKPIT.

With an all-new look and awesome new functionality, Voice-activated SYNC® with MyFord Touch® gives you voice and touch control over your phone, entertainment, navigation and climate. And that’s just the beginning.

**For amazing sound**, the 12-speaker Shaker™ Pro Audio System is teamed with HD Radio™ Technology. Easy iTunes® tagging means you just touch the TAG shopping cart icon while a song is on to mark it for purchase later.

**SiriusXM® Satellite Radio** lets you enjoy commercial-free music, plus sports, news, entertainment, and every premium channel with your 6-month All Access trial subscription. The voice-activated Navigation System also includes a 5-year subscription to SiriusXM Traffic and Travel Link® services. These features provide detailed traffic information on accidents, construction and road closures, plus local and national weather forecasts, fuel prices and more.

---

1 Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle in in gear. Not all features are compatible with all phones. 2 Available feature. 3 Trial subscription also includes access to SiriusXM Internet Radio on your computer, smartphone or tablet. Satellite and internet Radio lineups vary slightly.
SENSES DANGER. LIKE A SUPERHERO.

High-speed passing. Crowded lots. Tight driveways. Long runs down the highway. The all-new Mustang offers advanced driver-assist technologies with sophisticated sensors that can help you out in all these challenging real-world moments and more.

Stay alert to traffic detected in blind spots as you drive forward, or traffic nearing either side of the vehicle as you slowly back up, thanks to BLIS (Blind Spot Information System) with cross-traffic alert. BLIS helps warn you using lights embedded in the sideview mirrors. Cross-traffic alert uses the same lights, plus an audio warning and a message center notice.

Get a heads-up from adaptive cruise control and collision warning with brake support. This system helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and helps by pre-charging the brake system.

1Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. BLIS replaces standard integrated blind spot mirrors.
The all-new Mustang convertible drops its top nearly twice as fast as the previous generation. Engineered as a convertible from the start, it’s designed to deliver a smoother ride and better handling than before. It also has a lower liftover height and best-in-class trunk space.

**Go topless in seconds** by simply releasing the new centrally located top latch and pressing a button. With the new electric drive system, you’ll enjoy quieter top operation this year too.

**Convertible life is easier than ever** with thoughtful touches like the new tonneau caps that slide easily in place to help give the lowered top a sleek finish.

**To perfect its top-down look**, the convertible sports exclusive design cues that set it apart from the fastback. Note the higher, straighter muscle line across its rear haunches. And its distinctively contoured trunk lid. The all-new 2015 Mustang convertible – our best one yet.
See it prove its mettle

**IT’S INDEPENDENCE DAY.**

Pulls 0.98 lateral g. Our best-handling Mustang GT yet is ready for action. In fact, it’s already proven itself in our most rigorous testing – logging more than 2.5 million miles.

**Holds the road better than ever** thanks in part to its all-new, fully independent, integral-link rear suspension. Based on a lower H-arm, a vertical link, an upper camber link and a toe link, this new setup helps Mustang deliver 2x better anti-squat and nearly 10x better anti-lift properties than its previous generation. Which gives it better pitch control during hard acceleration and braking.

**For even more grip,** unsprung mass is kept down by the use of high-strength aluminum alloy for the rear knuckles and H-arms.

**Better road feel, a better ride, and more precise handling** are just a few more benefits of the all-new suspension system, which incorporates a new double-ball-joint configuration up front as well.

**The most capable brake lineup ever** offered on a Mustang brings it all to a stop faster than you can say “let’s go.”
NOTHIN’ BUT SMOKE IN YOUR MIRRORS.

When it’s time to hit the track, leave the competition in your wake with new Electronic Line-Lock. Exclusive to GT models, it’s activated using Mustang Track Apps. And its sole purpose is to prep your tires for the big win.

For customized steering feedback, the selectable-effort electric power-assist steering offers you 3 modes (Standard, Sport and Comfort) in the Steering Feel menu.

An iconic “Christmas tree” offers accurate countdown starts. You can also monitor g-forces, braking times and acceleration times in quarter-mile, 0–60 and more, all within the Track Apps.

Serious stopping power is built into the GT Performance Package: 6-piston Brembo™ front calipers bite down on 15” vented rotors. Then it’s go-time again.
The all-new Mustang serves up hot new technology designed specifically for you. Next time the track starts getting slick, just tap a toggle switch on the dash to adjust its Selectable Drive Modes. And keep going.

**Choose from 4 modes:** Normal, Sport+, Track, and Snow/Wet. Each one activates predefined powertrain and chassis calibrations suited to that particular driving situation.

**Normal** mode delivers a balance of comfort and responsive handling for an engaging driving experience.

**Sport+** mode provides more responsive steering and throttle response, plus different shift points if your Mustang is equipped with the SelectShift® automatic transmission. It’s great for more spirited driving on twisty roads.

**Track** mode, which is for track use only, allows skilled drivers to push the car closer to its limits on the track before AdvanceTrac® electronic stability control intervenes. It’s perfect for weekend track days and autocrosses because it lets you extract the absolute maximum from the vehicle.

**Snow/Wet** mode comes in handy when road conditions take a turn for the worse. It provides confident handling by retaining a connected-to-the-road feel without sacrificing any of the inherent composure of your new Mustang.
TRACK STAR.

While developing the GT Performance Package for the all-new Mustang GT, engineers used the previous generation’s Boss® 302 model as their performance benchmark. This new race-ready machine is even faster around the track.

Getting it done starts with the underpinnings. The package gives you a strut-tower brace, a K-brace, heavy-duty front springs, an upsized rear sway bar, a larger radiator, a 3.73 TORSEN® rear axle and a whole lot more. See the Specs for the full rundown.
TOP GEAR.

Get your Mustang on. Wearables. Wall art. Pinball machines. Drinkware. And golf cars. Even a pedal kart for the kids. All things Mustang can be found on the Ford Official Licensed Product site. For a limited time, you can even peruse a special Mustang Fifty Years Collection. There you'll find lots of unique ways to mark the occasion.

Shop today at ShopFordMerchandise.com

PEAK PERFORMANCE.

When you're ready to take your Mustang to the next level, look no further than Ford Racing Performance Parts. Using a convenient Mustang tool on the site, you can select your model year to view the full list of currently available equipment. You'll find everything from brakes to a supercharger, suspension, wheels and more. All expertly engineered to set your Mustang apart.

¹Ford Licensed Accessory.
New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you peace-of-mind protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships.

Ford Original Accessories will be warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
