THE 2017 ACCORD:

A LEGEND IN ITS TIME

There’s a reason the Accord has been on Car and Driver’s 10Best* list a record 30 times. Its sharp design, innovative technology and inspiring performance make it more than a car: it’s a legacy, and the 2017 Accord is the latest evolution.

*Car and Driver, June 2016.
THE 2017 ACCORD HYBRID:

ELEGANCE AND EFFICIENCY

Introducing the restyled 2017 Accord Hybrid with Sport Mode, the only 212-hp,* 49-mpg-rated† hybrid sold in America. It has all the sophistication and comfort you expect from an Accord, plus the Honda Sensing™ suite of safety and driver-assistive technologies, which comes standard on every trim, and a 5-Star Overall Vehicle Score** from NHTSA. It also features the second generation of our two-motor hybrid powertrain, which helps to reinforce our reputation as an environmental leader.

*Total-system horsepower as measured by the peak, concurrent output of the electric motor and gasoline engine. †49 city/47 highway/48 combined mpg rating. Based on 2017 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors. **Governments 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration’s (NHTSA’s) New Car Assessment Program. Model tested with standard side air bags (SABs). For additional information on the 5-Star Safety Ratings program, please visit www.safercar.gov.

LED HEADLIGHTS WITH AUTO HIGH-BEAM
Auto high-beam headlights dim when they sense other vehicles approaching (Touring).

FRONT GRILLE
A bold front grille gives the Accord an aggressive appearance that makes quite a statement.

ALLOY WHEELS
Available 19-inch alloy wheels add a sporty touch.

LUXURIOUSLY APPOINTED
If it’s what’s on the inside that counts, consider the refined styling, polished accents and intelligent features in the Accord. The spacious cabin and wealth of technology invite you to step inside and make the car your own.

Accord Touring Sedan shown with Gray Leather.
TECHNOLOGY

INSPIRATION EVERYWHERE

Every part of the Accord is the product of human-centric innovation and creativity. From styling to technology to amenities, each convenient feature makes driving a simpler, more enjoyable task.

SMART ENTRY
Available Smart Entry detects when your key is near the vehicle, unlocking your door automatically with the touch of your hand.

Honda LANEWATCH™
Help improve your view with available Honda LaneWatch. A small camera under the passenger-side mirror displays live video on the i-MID screen to help you change lanes.

RAIN-SENSING WINDSHIELD WIPERS
The windshield wipers automatically adjust their speed according to the rainfall, giving you one less thing to worry about in bad weather (Touring).

PARKING SENSORS
Help keep your bumpers ding-free with sensors that alert as you approach detected objects.
The available Honda Sensing suite of safety and driver-assistive technologies can help sense things you might miss while driving.

ROAD DEPARTURE MITIGATION SYSTEM (RDM)*
The RDM system can determine if you cross over detected lanes without signaling and can even provide steering and braking assistance to help you stay in your lane.

COLLISION MITIGATION BRAKING SYSTEM™
This innovative offering can help bring your Accord to a stop by automatically applying brake pressure when the system determines a frontal collision is unavoidable.

LANE KEEPING ASSIST SYSTEM (LKAS)*
Long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Accord centered in a detected lane.

FORWARD COLLISION WARNING (FCW)*
The FCW system can sense the presence of vehicles in front of you, and if it calculates that you’re at risk of colliding with a detected vehicle, it activates audible and visible alerts.

LANE DEPARTURE WARNING*
A small camera searches for lane markings on the road. If it detects the driver making an unindicated lane departure, visual and audible alerts will signify the departure.

ADAPTIVE CRUISE CONTROL (ACC)*
ACC helps you maintain a set following interval behind a detected vehicle, so you don’t have to manually change your speed.
PERFORMANCE:

POWER AND GRACE

The Accord proves that excitement and efficiency can coexist. Its tight, responsive handling is complemented by a 185-hp* 4-cylinder engine or an available 278-hp* V-6.

*SAE net.
INTERIOR FEATURES:

DUAL-ZONE AUTOMATIC CLIMATE CONTROL
Both driver and front passenger can enjoy customizable temperature settings.

BLUETOOTH® HANDSFREELINK®
With Bluetooth® HandsFreeLink you can place and receive calls without ever taking your hands off the wheel.*

APPLE CARPLAY™
The available Apple CarPlay feature allows you to access several iPhone® features on the Display Audio touch-screen.

ANDROID AUTO™
Android smartphone users can access Google Maps™, Google Now™, messages, music and other popular apps with the available Android Auto feature.

PUSH BUTTON START
Available push button start brings your engine to life with a simple touch.

REMOTE ENGINE START
Make sure your Accord is ready by the time you get there with available remote engine start, to pre-heat or cool your vehicle.

STEERING WHEEL-MOUNTED CONTROLS
Change the music or answer a phone call with your hands on the wheel.*

TWO-POSITION MEMORY
You and another driver can find the perfect positions for your seat when you’re behind the wheel, and lock it in with the two-position memory system (EX-L and above).

PADDLE SHIFTERS
Available racing-inspired paddle shifters let you shift with your fingertips.

*Drive responsibly. Some states have prohibited the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.
HELPING PROTECT PRECIOUS CARGO

Every Accord is equipped with advanced safety features designed to help protect you and your passengers, mile after mile.

VEHICLE STABILITY ASSIST™ (VSA®)
VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.

SMARTER AIRBAGS
Inside every Accord are front, front side and side curtain airbags with a rollover sensor. The SmartVent® front side airbags are designed specifically to help protect the driver’s or front passenger’s upper torso in the event of a side-impact collision.

TIRE PRESSURE MONITORING SYSTEM (TPMS)†
Because lost tire pressure can dramatically affect a vehicle’s performance, TPMS is designed to alert you if air pressure becomes significantly low in any tire.

MULTI-ANGLE REARVIEW CAMERA™
See more of what’s behind you with the multi-angle rearview camera with dynamic guidelines.

ANTI-LOCK BRAKING SYSTEM (ABS)
ABS helps prevent wheels from locking up when braking hard, while Electronic Brake Distribution (EBD) balances braking forces at each wheel based on how the Accord is dynamically loaded.

ACE™ BODY STRUCTURE
By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering™ body structure helps protect passengers.

*VSA is not a substitute for safe driving. It cannot correct the vehicle’s course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver. †Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat.
**ACCORD SEDAN**

**EX-L** adds to or replaces EX features
- Standard continuously variable transmission (CVT) with Sport Mode
- Automatic dimming rearview mirror
- Driver’s seat with two-position memory
- Front passenger’s seat with 4-way power adjustment
- Leather-trimmed seats
- Heated front seats
- 360-watt premium audio system with 7 speakers, including subwoofer
