SONATA
2013 HYUNDAI

SONATA
When we built the Sonata, we gave it all the things people told us they wanted in a mid-size sedan. More style. More room. A 5-Star Safety Rating. A request for more power and more efficiency? No problem. Sonata uses a Gasoline Direct Injection 4-cylinder engine to generate the most standard horsepower in its class, with an impressive EPA-estimated highway rating of 35 MPG.¹ A turbocharged version was also conceived for drivers seeking V6 power with 4-cylinder fuel efficiency.

Today, we offer three Sonata models: GLS, with premium features uncommon in most midsize sedans; SE, with sport tuning for a higher level of responsiveness and performance; and Limited, a Sonata fully equipped with advanced technologies that satisfy your highest expectations of comfort and convenience. But our engineers still weren't done. They went even further, creating Sonata Hybrid. Its rewarding combination of best-in-class power and passenger volume with advanced lithium polymer battery technology has quickly established Sonata Hybrid among the leaders in its category.

WHAT ARE THE EXPERTS SAYING?

A funny thing happens when you build a car like Sonata: The experts take notice. After driving it last year, AUTOMOBILE Magazine exclaimed, “The Sonata emerges as an unquestioned leader in a segment that’s bursting with excellent automobiles.”² Car and Driver summed up Sonata by saying, “…its greatness is undeniable.”³ Of course, until we hear from you, we haven’t heard from all the experts. So visit your Hyundai dealer soon, and tell us what you think.

¹EPA estimates for comparison only. Your actual mileage will vary with options, driving conditions, driving habits and vehicle’s condition.
²AUTOMOBILE Magazine, February 2011.
³Car and Driver, November 2010.
“The 2013 Hyundai Sonata is a roomy car, almost ‘large’ by EPA standards; there’s soaring headroom and leg room in front, and an unusually long front-seat track so driver and passenger can have as much space as they need.” – 2013 Hyundai Sonata Review, TheCarConnection.com, May 2012
THE STATUS QUO ISN’T JUST UPSET. IT’S TURNED UPSIDE DOWN.

In the past few years, a lot has changed in the automotive world. New reputations for quality are being made, as innovative technologies transform what’s expected from a midsize sedan. All of that room in Sonata’s “class-above” interior is filled with a generous list of standard comfort and convenience features. Features like a Bluetooth® hands-free phone system with audio streaming, along with steering-wheel cruise, audio and phone controls that would surprise some luxury car owners.¹ Sonata offers plenty of premium amenities, too, like heated rear seats, an available proximity key with push-button start, and an available pillar-to-pillar panoramic sunroof that offers extra-wide views of sunny and starry skies.

HYUNDAI BLUE LINK®:
LIFE, MADE EASIER.

A Hyundai Sonata with Blue Link puts the world at your fingertips. It features enhanced navigation that not only helps you get where you’re going, but reveals shortcuts and points of interest along the way. It can send you real-time traffic updates and find gas stations with the lowest prices. It can locate restaurants and connect you to reviews from other diners. Location Sharing and Voice Text Messaging features let you stay in touch with friends and family, while a Blue Link mobile app lets you lock/unlock, locate and start your car remotely using your smart phone.

In the event of an emergency, Blue Link instantly knows whom to call and where to send help. There’s even a useful feature that sends you advance notices of regularly scheduled maintenance intervals to keep your car in prime condition. In all, more than 30 services and features are included in three available packages that let you customize this technology to your individual needs. For details, please visit HyundaiBlueLink.com.

1 Blue Link® subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in all 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com. Hyundai is a registered trademark of Hyundai Motor Company. All rights reserved, ©2012 Hyundai Motor America. 2 Requires a Blue Link subscription and a Bluetooth-compatible phone paired to the vehicle and assigned as the primary driver’s mobile phone number in your account. Standard text message rates apply. 3 Remote Vehicle Start is only available for Push Button Start equipped vehicles with an Automatic Transmission or a Dual Clutch Transmission (DCT). Not available on all models. 4 Blue Link agents will contact existing emergency service responders. Only use Blue Link and corresponding devices when it is safe to do so.
BLUE LINK ESSENTIALS PACKAGE
Blue Link is equal parts fun, convenience and safety. Use your smartphone to remotely lock/unlock your car or flash the lights and honk the horn to find it in a crowded parking lot. Other components let you send voice text messages from your car and share your location with friends. Secure your car with Stolen Vehicle Slowdown and recovery features. Or rest easy with Geo-Fence and Curfew Alerts that notify you (by text, automated phone message or email) when the geography or drive-time boundaries you’ve set are exceeded. You can also extend your peace of mind with convenient vehicle self-diagnostics. (Includes Assurance Package)

BLUE LINK ASSURANCE PACKAGE
Blue Link helps ensure you’re not alone in an emergency. Automatic Collision Notification, SOS Emergency Assistance and Enhanced Roadside Assistance report your position to Hyundai-trained operators and connect you 24/7/365.4 You can also receive monthly email reports with comprehensive vehicle diagnostics, ensuring your Sonata delivers optimal performance with the best-possible fuel economy.

BLUE LINK GUIDANCE PACKAGE
More than getting you to your destination, the features in this package can also tell you what you’ll find when you arrive – from traffic and gas prices to restaurants and museums. Use voice commands to find points of interest, the fastest routes with the least amount of traffic, the cheapest gas, the highest rated restaurants, and more. There’s even an Eco-Coach that lets you monitor your mileage online and offers tips for improving your results. (Includes Assurance + Essentials Packages)
Hyundai offers the most dynamic 4-cylinder engines in the midsize class. Sonata’s 198/200-horsepower 2.4-liter Gasoline Direct Injection engine is the most powerful naturally aspirated 4-cylinder in its segment. At the same time, it satisfies the EPA’s stringent Partial Zero Emissions Vehicle (PZEV) standards.1 In Sonata 2.0T, twin-scroll turbocharging results in a combination that’s tough to beat: 274-horsepower performance with an EPA-estimated 34 MPG highway rating. The 2013 Sonata Hybrid goes even further, sporting the best fuel efficiency rating in the Hyundai Sonata lineup.

Sonata’s power is channeled through your choice of a 6-speed manual or 6-speed automatic transmission with SHIFTRONIC,* which offers the ease of an automatic or the fun of manual shifting using race-inspired steering wheel paddle shifters. You decide, depending on the mood and moment.

SEE FOR YOURSELF HOW SONATA STACKS UP. ON PAPER. ON PAVEMENT. AND AT THE GAS PUMP, TOO.

**GASOLINE DIRECT INJECTION**

With GDI, fuel is injected directly into the combustion chamber of each cylinder (instead of being injected into intake ports before each cylinder’s intake valve). The result is markedly improved power and fuel efficiency with cleaner emissions.

**DUAL-CVVT ENGINE**

Dual Continuously Variable Valve Timing allows each engine intake and exhaust valve to be controlled independently. The result is improved response and fuel efficiency at all engine speeds, as well as a smooth idle and lower emissions.

**TWIN-SCROLL TURBOCHARGING**

A twin-scroll turbocharger design recovers more energy from the exhaust than a traditional turbocharger. Other benefits of a twin-scroll design include improved throttle responsiveness, more low-end torque, lower emissions and improved fuel economy.

**THE SPORTY SONATA SE**

For a sportier look and feel, Sonata SE features steering-wheel-mounted paddle shifters, a sport-tuned suspension with firmer bushings and larger stabilizer bar, sport seats with leather bolsters, 18” alloy wheels and dual chrome-tipped exhaust.

**ACTIVE ECO SYSTEM**

All Sonata models with automatic transmission have an Active ECO System that modifies engine and transmission control, resulting in as much as a 7% improvement in real-world fuel economy.3

**SOPHISTICATED SUSPENSION**

Sonata features sophisticated suspension and steering hardware with refined tuning for the GLS and Limited models – along with a sport-tuned suspension and steering for the SE trim.

---

1 PZEV available in some states. 2 Hyundai internal estimate.
SONATA. HYBRID.
NOW THERE’S A POWERFUL COMBINATION.

Some carmakers seem to insist that their hybrid models reflect a certain off-beat quirkiness. At Hyundai, our design philosophy is centered on creating a look that makes a statement, but in a sophisticated way – one that harmonizes with shapes found in nature. To create Sonata Hybrid, we wrapped our fuel-saving, carbon-cutting Blue Drive® technology in a fluidic sculpture of steel, glass and chrome that shapes every Sonata we build.

Next-Gen Hybrid Performance
Our latest Sonata Hybrid model delivers an exceptional combination of power and fuel economy. The key is the car's weight: Thanks to its innovative lithium polymer battery, Sonata Hybrid is significantly lighter than its key competitors. Yet its lightweight battery packs a heavyweight punch: It maintains power longer than conventional hybrid batteries, and feeds an electric motor that's paired with an optimized Atkinson Cycle DOHC 4-cylinder engine.

Try This On For Size
How confident can you be in our lithium polymer battery technology? It comes with a lifetime warranty – an industry first. It also fits in the trunk, giving Sonata Hybrid the largest passenger volume among 2012 midsize hybrid sedans. A regenerative braking system even recharges the car's batteries on the road.

1 Warranty is non-transferable and not valid on vehicles exported to Korea.
SONATA 2.0T LIMITED in Sparkling Ruby
SAFETY. AT HYUNDAI, IT’S MORE THAN A LIST OF FEATURES. IT’S A MINDSET.

You don’t become one of the first midsize cars to receive a 5-Star overall safety rating under the federal government’s new, more stringent 2012 guidelines by accident. Or get named a Top Safety Pick two years in a row by the Insurance Institute for Highway Safety because you offer more airbags than the other guy. Safety is a mindset that starts with the car’s core engineering. Sonata has a reinforced unibody constructed from high-tensile steel that effectively absorbs collision energy.

An array of modern safety technologies comes standard on Sonata. Six airbags stand poised to protect. A Traction Control System keeps your wheels from slipping under acceleration. Electronic Stability Control reduces understeer and oversteer for exceptional handling and cornering. Brake Assist and Electronic Brake-force Distribution are also onboard to help Sonata come to a swift, sure stop. It’s all part of how Hyundai instills driving confidence.

A BODY THAT GUARDS
Rear crumple zones and reinforced side beams offer added layers of security, while an intelligent airbag system deploys and inflates front airbags in relation to driver and passenger weight and impact speed.

ANTI-LOCK BRAKING SYSTEM
A powerful four-channel ABS system applies brake force independently to each wheel. Additional Brake Assist technology provides maximum braking force during emergency stops.

ELECTRONIC STABILITY CONTROL
Handling is refined by Electronic Stability and Traction Control Systems that make thousands of calculations each second, adjusting brake and engine inputs as needed to ensure your vehicle remains on course. And you remain confidently in command.

ACTIVE FRONT HEAD RESTRAINTS
Designed to provide extra protection against whiplash in rear-end collisions, these restraints actually move up and forward to help brace against impact forces.

TOTAL COST OF OWNERSHIP AWARD WINNER FOR 2012: MID-SIZE CAR SEGMENT
Low insurance and maintenance costs, combined with fuel savings during the first five years of ownership, provide Sonata owners with distinct advantages – and Hyundai with another award for its trophy case. The Kelley Blue Book® annual Total Cost of Ownership Award honors vehicles with the lowest projected total cost of ownership during the initial 5-year ownership period. Designing Sonata to protect your pocketbook as well as your family has become a Hyundai hallmark.

1 Government star ratings are part of the National Highway Traffic Safety Administration’s New Car Assessment Program (www.safercar.gov). 2 Based on Insurance Institute for Highway Safety 40-MPH frontal crash test, 31-MPH side-impact test, 20-MPH rear-impact test and availability of Electronic Stability Control. 3 The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag. 4 The Traction Control System is meant to enhance conscientious driving habits and is not a substitute for safe driving practices. Electronic Stability Control (ESC) cannot control your vehicle’s stability under all driving situations. ESC is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC can help prevent loss of control. See Owner’s Manual for details. 5 Kelley Blue Book® is a registered trademark of Kelley Blue Book Co., Inc.
### 2013 SONATA 2.4 GDI & 2.0T LINEUP

#### 2.4 GDI

**GLS**

**KEY STANDARD FEATURES:**
- 198 HP, 2.4L Gasoline Direct Injection DOHC 4-cylinder engine with Dual Continuously Variable Valve Timing
- 6-speed SHIFTRONIC® automatic transmission
- Active ECO System
- MacPherson strut (front) & multi-link (rear) suspension
- Remote keyless entry system with alarm
- Air conditioning with cabin air filtration
- Premium cloth seating surfaces
- 6-way adjustable driver seat
- Tilt-and-telescopic steering wheel with audio, Bluetooth® & cruise controls
- Power door locks & windows with driver auto-down/up
- Metalgrain interior accents
- AM/FM/SiriusXM®/CD/MP3 audio system with 6 speakers
- iPod®/USB & auxiliary input jacks
- Bluetooth® hands-free phone system with phonebook transfer & audio streaming
- Advanced trip computer with custom settings
- Electronic Stability Control with Traction Control System
- 4-wheel disc ABS with Brake Assist & Electronic Brake-force Distribution
- 6-airbag safety system with advanced dual front airbags & Occupant Classification System
- Active front head restraints
- Tire Pressure Monitoring System
- 16” aluminum alloy wheels
- Daytime Running Lights
- Bodycolor front grille & chrome window beltline moldings

**POPULAR EQUIPMENT PACKAGE**

GLS Equipment plus:
- Heated front seats
- Power driver's seat with lumbar support
- Chrome interior door handles
- Leatherette door panel inserts
- Front fog lights
- Automatic headlights

#### GLS POPULAR EQUIPMENT PACKAGE PLUS:

- 200 HP, 2.4L Gasoline Direct Injection DOHC 4-cylinder engine or 274 HP, 2.0L Gasoline Direct Injection DOHC 4-cylinder engine with twin-scroll turbocharger
- 6-speed SHIFTRONIC® automatic transmission with steering-wheel-mounted paddle shifters
- Sport-tuned suspension & steering
- Dual-zone automatic temperature control
- Leather bolster with cloth insert sport seats
- Leather-wrapped steering wheel & shift knob
- Dark chrome front grille
- Dual exhaust system with chrome tips
- Chrome accent exterior door handles
- 18” Hyper Silver alloy wheels

**NAVIGATION & SUNROOF PACKAGE**

- Power tilt-and-slide sunroof
- Navigation system with 7” touchscreen & voice commands
- Rearview backup camera
- 360-Watt Dimension® AM/FM/SiriusXM®/CD/MP3 audio system with 6 speakers & subwoofer
- HD Radio® Technology with multicasting

#### SE

**SE EQUIPMENT PLUS:**
- Rear console-mounted vents
- Piano Black or Woodgrain interior accents
- Auto dimming rearview mirror with compass and HomeLink®
- Chrome-tipped dual exhaust (2.0T only)
- Side mirror-mounted turn signal indicators
- 17” aluminum alloy wheels (18” on 2.0T only)
- Deletes sport-tuned suspension and steering

**PREMIUM PACKAGE**

- Panoramic tilt-and-slide sunroof
- 7” touchscreen navigation system with voice commands & rearview camera
- 400-Watt Infinity® AM/FM/SiriusXM®/CD/MP3 audio system with 8 speakers & subwoofer

#### LIMITED

- Premium cloth seating surfaces
- Heated rear seats
- Dual-zone automatic temperature control
- Steering-wheel-mounted paddle shifters (2.0T only)
- Premium door sill scuff plates
- 360-Watt Dimension® AM/FM/SiriusXM®/CD/MP3 audio system with 6 speakers & subwoofer
- HD Radio® Technology with multicasting

- Deletes sport-tuned suspension and steering
2013 SONATA 2.4 GDI & 2.0T EXTERIOR/INTERIOR COLORS & WHEELS

- Radiant Silver
- Midnight Black
- Harbor Gray Metallic
- Pacific Blue Pearl
- Shimmering White
