* See features page for availability. Not all features are available on all trims. PREMIUM PACKAGE SHOWN.
Cadenza utilizes the latest technology to elevate every aspect of your driving experience. Standard amenities such as a voice-command navigation system with Rear-Camera Display and a Back-Up Warning System help keep you in control. In addition, features such as a premium 550-watt Infinity® surround-sound audio system with 12 speakers for rich audio performance let you and your passengers enjoy every moment you spend traveling.

1. **INFINITY® AUDIO SYSTEM** A premium 550-watt Infinity® surround-sound audio system with 12 speakers delivers exceptional audio entertainment, surrounding driver and passengers with crisp, balanced sound.

2. **REAR-CAMERA DISPLAY** Conveniently see things behind your vehicle that you might not see by looking over your shoulder.

3. **BACK-UP WARNING SYSTEM** A sensor system is concealed in the rear bumper. When you back up, an audible warning is given if the system detects objects behind your vehicle.

4. **PUSH-BUTTON START** The convenient Smart Key remote lets you start or stop the engine with the push of a button, even when you have the key fob in your pocket or purse.

5. **POWER-FOLDING OUTSIDE MIRRORS** Easily fold in the outside mirrors using a door-mounted control or the key fob.

6. **SUPERVISION METER** The available Supervision meter cluster’s seven-inch display has sharp, high-contrast graphics and outstanding readability, thanks to Thin-Film Transistor (TFT) coating.

7. **HYDROPHOBIC GLASS** To help improve visibility in rainy weather, front side windows with available hydrophobic glass instantly repel water.

8. **BLUETOOTH® WIRELESS TECHNOLOGY** Streaming audio is always at your command when using a compatible Bluetooth® wireless technology enabled device.

9. **SIRIUSXM® SATELLITE RADIO** Enjoy over 130 channels, including commercial-free music plus all your favorite sports, news, talk and entertainment.

CONNECT TO YOUR ENTERTAINMENT & YOUR VEHICLE

UVO® — short for “your voice.” Cadena comes equipped with the new UVO eServices1 infotainment system with voice-command navigation. UVO eServices provides you with an easy, hands-free1 way to connect to your vehicle by seamlessly integrating your compatible smartphone6 with your Cadena. UVO eServices lets you stream music and gives you large-capacity digital storage for your favorite songs. Its many other advanced services include the ability to connect with 24-hour enhanced roadside assistance8 or 911 Connect9 and perform vehicle diagnostics10. Additionally, there are no subscription fees10 to enjoy all these benefits.

VOICE-COMMAND NAVIGATION
The voice-command navigation system has a solid-eight inch color touch screen and delivers real-time highway conditions from SiriusXM Traffic1.

MY Favs
UVO eServices® allows you to use a web-enabled computer to send locations that you find on Google Maps™ mapping service to the navigation system for route guidance.

PREMIUM AUDIO SYSTEM
A premium 550-watt Infinity®7 surround-sound audio system with 12 speakers and a subwoofer provides exceptional audio performance.

HD RADIO™ TECHNOLOGY
HD Radio™ Technology12 includes features like crystal-clear sound, new local FM channels, on-screen information — 100% subscription-free.

REAR-CAMERA DISPLAY
Whenever you shift into reverse, a live image from a rear camera displays on the screen, showing objects behind the vehicle you might not otherwise see.

SERVICE GUIDE
To learn more about UVO eServices’ features, you may access an automated user manual by using the touch screen.

UVO® SERVICES® APP®
A free app6 is available that allows you to integrate your iPhone® with your vehicle — and make the most of UVO eServices. This app can be downloaded at the App Store® and Google Play™ Store.6

PARKING MINDER
UVO eServices® can record your vehicle’s location whenever you park. Then, if necessary, you can use your compatible smartphone® to find your car. Parking Minder also lets you take pictures of the surrounding area for reference, set a reminder note or set an alarm if you’re parked at a meter.

DIGITAL MUSIC STORAGE
UVO eServices® features an easy-to-use digital music storage system with-in-dash, large-capacity digital storage for your favorite music. It lets you load your songs and sort them by either title or artist.

VEHICLE DIAGNOSTICS13
You may perform a diagnostics check at any time or schedule checks on a regular basis. Diagnostics checks are also automatically triggered if the system detects a critical maintenance issue, alerting you to schedule an appointment or request roadside assistance.9

S11 CONNECT®
In the event that an airbag is deployed, UVO eServices® automatically makes a direct call to 911 to alert them of an emergency situation. UVO eServices may also transmit your vehicle’s location and allows the 911 operator to speak with the occupants.

UVO® WEB/MOBILE
MyUVO.com lets you check vehicle diagnostics15 and schedule appointments with your preferred or nearby Kia retailer using your home computer or mobile device.

1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15 See Specifications page for estimates. Actual component appearance may vary.

Responsive & Inspiring Performance

Cadenza delivers exhilarating performance and precise handling. Technologically advanced available features ranging from Advanced Smart Cruise Control™ to Blind-Spot Detection with Lane Change Assist™ help keep you in command at all times. A 3.3L Gasoline Direct Injection (GDI) V6 engine generates 293 horsepower for dynamic acceleration. Its six-speed, Sportmatic® transmission allows you to choose between automatic mode or, for sportier driving, clutch-free manual shifting with steering-wheel-mounted paddle shifters. In addition, Cadenza’s finely tuned suspension system ensures a remarkably smooth ride, while sound-absorbing insulation throughout the vehicle reduce, block and absorb road noise.

Lane Departure Warning System™: Audible and visual warnings alert the driver when this available sophisticated system detects movement out of the lane without the use of a turn signal.

Advanced Smart Cruise Control™: Available Advanced Smart Cruise Control system uses radar to maintain a predetermined distance from the vehicle ahead, slowing or accelerating the vehicle when appropriate.

Blind-Spot Detection with Lane Change Assist™: Available radar system helps detect when a vehicle is in the driver’s blind spot and alerts the driver with a warning light in the side mirrors. Lane Change Assist helps detect vehicles approaching from further behind at high speed.

Adaptive Front Lighting System (AFS): Available Adaptive Front Lighting System plots the lights to follow the curves of the road for enhanced visibility. The system includes High-Intensity Discharge (HID) headlights that provide brilliant illumination.

2. * See Features and Specifications pages for availability andambit. Not all optional features are available on all trims. Images shown for illustrative only. TECHNOLOGY PACKAGE (APSD).
Available Adaptive Front Lighting System pivots the lights to follow the curves of the road for enhanced visibility. The system includes High-Intensity Discharge (HID) headlights that provide brilliant illumination.

Hyundai Motor America reserves the right to change or discontinue finances, offers or specifications at any time without notice or obligation.

Available advanced features may not be available on all trims. Images shown for illustration only.
The Cadenza features advanced active safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations. These safety systems are designed to function automatically, leaving you free to focus on safe driving.

**Vehicle Stability Management (VSM)**
VSM is a safety feature that adds steering-direction control capability. It intervenes when appropriate to help the driver regain control of the vehicle.

**Electronic Stability Control (ESC)**
ESC monitors your vehicle’s response during emergency maneuvers. It then controls the engine and brakes to help keep your Cadenza on course.

**Traction Control System (TCS)**
When TCS senses wheel spin during acceleration, it uses engine power and brake force to transfer power to the wheels that have the most traction.

**Electronic Brake-Force Distribution (EBD)**
To help maintain more consistent braking as vehicle loads and weight distribution change, EBD adjusts the front-to-rear balance of brake pressure.

**Brake Assist System (BAS)**
If BAS detects emergency braking based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

**Hill-Start Assist Control (HAC)**
To help keep you from rolling backward when starting off on a steep hill, HAC automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

†No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive responsibly.

†No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive responsibly.

VEHICLE STABILITY MANAGEMENT (VSM)

VSM is a safety feature that adds steering-direction control capability. It intervenes when appropriate to help the driver regain control of the vehicle.

ELECTRONIC STABILITY CONTROL (ESC)

ESC monitors your vehicle’s response during emergency maneuvers. It then controls the engine and brakes to help keep your Cadenza on course.

TRACTION CONTROL SYSTEM (TCS)

When TCS senses wheel spin during acceleration, it uses engine power and brake force to transfer power to the wheels that have the most traction.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

To help maintain more consistent braking as vehicle loads and weight distribution change, EBD adjusts the front-to-rear balance of brake pressure.

BRAKE ASSIST SYSTEM (BAS)

BAS detects emergency braking based on how quickly you step on the brake pedal. It instantly applies full braking force, which helps shorten your overall stopping distance.

HILL-START ASSIST CONTROL (HAC)

To help keep you from rolling backward when starting off on a steep hill, HAC automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

†No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive responsibly.
DESIGNED TO HELP PROTECT DRIVER & PASSENGERS

The Cadenza is equipped with passive safety systems designed to help minimize injury when certain traffic accidents are unavoidable. An advanced airbag system helps protect driver and passengers with dual front, front and rear seat-mounted side, and full-length side-curtain airbags. Cadenza wraps all of this — and you — in a protective, high-strength, tensile steel-reinforced body that absorbs impact energy to help protect you in case of a collision.

EIGHT ADVANCED AIRBAGS
Dual front airbags, full-length side curtain airbags and front and rear seat-mounted side airbags are managed by an advanced sensor system that can even respond in certain rollover situations.

AIRBAG & SEATBELT SENSORS* This advanced system monitors the severity of certain impacts, the presence of a front passenger and seatbelt use, and then controls airbag inflation accordingly.

FRONT SEAT-BELT PRETENSORS Pretensioners have been designed to tighten the front seat belts in the event of certain collisions. This helps to reduce the likelihood of injuries.

HIGH-STRENGTH, TENSILE STEEL-REINFORCED BODY Cadenza’s body structure is reinforced with extensive amounts of high-strength tensile steel. This material is lighter and stronger than traditional steel, helping protect passengers while reducing overall weight.

TIRE-PRESSURE MONITORING SYSTEM** This system includes air pressure sensors located at each wheel. If a tire reaches a specified low air pressure, a warning light will alert you.

Inflated airbags shown for illustration only. No safety system, however advanced, can prevent all accidents or injuries. Always drive safely.

See specifications page for endnotes.

Kia is committed to producing world-class vehicles to suit most every driving need. This commitment has led to the development of stylish vehicles with an extraordinary combination of precision engineering, outstanding performance, innovative features and advanced safety systems. The value found in every Kia vehicle has been widely recognized, resulting in Kia becoming one of the fastest-growing automotive brands in America for the past five years. Kia Motors has invested over $1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant is capable of producing 360,000 vehicles a year. The Sorento crossover and Optima midsize sedans are currently being built at this plant. In addition to producing high-quality vehicles, more than 3,000 jobs were created at the facility plus 7,500 additional jobs in the surrounding area. It’s all part of Kia Motors’ commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. That dedication is part of Kia’s belief that the knowledge gained in competition can be applied to the entire Kia lineup to provide you with vehicles that perform beyond your expectations. The Kia Racing team includes championship-winning drivers with a proven track record. In 2012 the team stood on the podium at Daytona International Speedway and in six of 12 races in the Pirelli World Challenge. Look for Kia drivers in the winner’s circle at racetracks across America in the months ahead.

DONORSCHOOSE.ORG

Kia is committed to providing assistance to those in need. That’s why Kia became the first car company to partner with DonorsChoose.org, an online charity that allows organizations and individuals to donate to classrooms in need. Kia recently donated $1 million to fund a “Double Your Impact” campaign that matched individuals’ donations and delivered more than $2 million worth of resources to nearly half a million public school students across all 50 states.

INDUSTRY-LEADING WARRANTY PROGRAM

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program. Kia’s warranty program includes:

• 10-year/100,000-mile limited powertrain warranty
• 5-year/60,000-mile limited basic warranty
• 5-year/100,000-mile limited anti-perforation warranty
• 5-year/60,000-mile 24-hour roadside assistance

Kia is committed to providing assistance to those in need. That’s why Kia became the first car company to partner with DonorsChoose.org, an online charity that allows organizations and individuals to donate to classrooms in need. Kia recently donated $1 million to fund a “Double Your Impact” campaign that matched individuals’ donations and delivered more than $2 million worth of resources to nearly half a million public school students across all 50 states.

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.19

• 10-year/100,000-mile limited powertrain warranty
• 5-year/60,000-mile limited basic warranty
• 5-year/100,000-mile limited anti-perforation warranty
• 5-year/60,000-mile 24-hour roadside assistance

**COMMITTED TO AMERICA**

Kia Motors has invested over $1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant is capable of producing 360,000 vehicles a year. The Sorento crossover and Optima midsize sedans are currently being built at this plant. In addition to producing high-quality vehicles, more than 3,000 jobs were created at the facility plus 7,500 additional jobs in the surrounding area. It’s all part of Kia Motors’ commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

**COMPelling design**

Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners as well as Kia’s designers with pride.

**INDUstry-LeADING WARRANTy PROGRAM**

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.19

• 10-year/100,000-mile limited powertrain warranty
• 5-year/60,000-mile limited basic warranty
• 5-year/100,000-mile limited anti-perforation warranty
• 5-year/60,000-mile 24-hour roadside assistance

**DELIVERING ON A PROMISE**

Kia is committed to producing world-class vehicles to suit most every driving need. This promise has led to the development of stylish vehicles with an extraordinary combination of precision engineering, outstanding performance, innovative features and advanced safety systems. The value found in every Kia vehicle has been widely recognized, resulting in Kia becoming one of the fastest-growing automotive brands in America for the past five years.18
