The exciting, new 2014 Kia Cadenza expresses the new refinement and sophistication in Kia's ever-evolving design language. Guided by the vision of Peter Schreyer, President and Chief Design Officer of Kia Motors Corporation, the company's design and engineering teams are creating vehicles that make an emotional connection with Kia owners.

"Today, cars are no longer just a means of transport but also expressions of lifestyles," Schreyer notes. "Cars are an essential part of our lives, and increasingly more emphasis is being put on their emotional value in terms of bringing us happiness and satisfaction."

PETER SCHREYER
President and Chief Design Officer,
Kia Motors Corporation
Adaptive Smart Cruise Control is included in Cadenza’s available Premium Package. It lets you set cruising speed and distance between you and the car ahead of you, then automatically maintains that distance through brake interventions.

In profile, Cadenza expresses a look of confidence and agility through its taut yet flowing lines. It backs this up with standard handling and safety features that include Vehicle Stability Management, plus available Lane Departure Warning and Blind Spot Detection systems.

Every angle creates an impression. Cadenza’s elegant design is accented with beautifully executed functional features. These include standard LED daytime running lights and available auto-levelling adaptive front lighting, as well as standard power-folding mirrors with power operation on each side and a spray-painted grille with distinctive LED lightbars at the rear.

Designed for discerning tastes.

The world of luxury sedans has changed. Forever.

With the all-new 2014 Kia Cadenza, elegance takes on a new look of excitement. The same-old, same-old is out as Kia’s award-winning design and engineering teams redefine the luxury sedan. Move over to the new world of luxury. The all-new Kia Cadenza.
The all-new Cadenza wraps you in a cabin environment that seamlessly blends prestigious design and comfort with driver-centric controls for a singular driving experience.

Come and be inspired.

Inspired surroundings.

SUPERVISION TFT LCD INSTRUMENT CLUSTER. A high-resolving, vehicle information screen and LCD design give you a clear view of ambient light conditions. The cluster is included in the Available Premium Package.

PERFECT COMFORT. A power-adjustable tilt and telescopic steering column and a luxurious heated steering wheel are just two of the thoughtful comfort features included in Cadenza’s available Premium Package.

MORE SUPPORT. An available driver-seat cushion extension provides added support for greater long-distance driving comfort.

SWEET, SWEET MUSIC. Cadenza’s premium 12-speaker Infinity® audio system also includes standard USB and AUX ports as well as built-in iPod® support through a regular iPod cable.

LET THE SUNSHINE IN. Cadenza’s airy and spacious interior is made even brighter with a panoramic, two-panel power sunroof included in the Premium Package.

WINTER WARMTH AND SUMMERTIME COOL. Rich, supple, leather trim and heated front seats are standard on Cadenza. For added comfort, the cooled/ventilated front driver’s seat and heated rear seats are included in the available Premium Package.

DRIVER-CENTRIC DESIGN. Cadenza’s sweeping instrument panel is designed with clear sight lines and well-placed controls. Standard hands-free Bluetooth® connectivity and a voice-activated navigation system help you keep your eyes on the road and your hands on the wheel.

2, 3, 4, 5, 6. See endnotes on page 11.
**FEATUES**

- Rearview camera with parking sensors
- Lower anchors and tethers for children (LATCH)
