WELCOME TO THE 2014 NISSAN FRONTIER® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Frontier®.

Click here to sign up for news and updates on the 2014 Nissan Frontier®.
WOULDN’T IT BE COOL IF TOUGH WAS ALWAYS ON CALL?

Got a major to-do list? No problem. With Frontier®, you’ve got a partner that’s up to the biggest challenges. It’s a mid-size truck with full-size attitude and plenty of engine muscle and towing capacity to get the job done. A fully boxed ladder frame and advanced off-road technology come standard, so no matter what you’re doing, you can do it easily. King Cab® or Crew Cab, there’s room for work and play. And with the Desert Runner® or PRO-4X® models, you choose when to cut a trail from the highway to the hills. The 2014 Nissan Frontier®.

1 See Nissan Towing Guide and Owner’s Manual for proper use. Towing performance and speed are affected by vehicle payload, terrain, road grades and weather conditions, including high temperatures. See Owner’s Manual at dealership before purchase for details.
WORKS UNTIL YOU SAY WHEN.
NISSAN KNOWS THAT FOUR WALLS ARE STRONGER THAN THREE.

That’s why Frontier® features a full-length, fully boxed ladder frame instead of the 3-sided, open C-shape rails found on some other trucks. The frame is built with super-high-tensile-strength steel in strategic areas for improved structural rigidity. This rugged material is stronger than conventional steel for increased torsional stiffness that helps deliver enhanced performance, on- and off-road. And it’s the perfect foundation to build upon with our advanced technology.

Anti-lock Braking System (ABS) rapidly pumps the brakes during hard braking to help keep your wheels from locking up, helping you steer around an obstacle.

Electronic Brake force Distribution (EBD) senses additional weight, whether it’s a full cargo bed or a full tank of gas, and sends extra force to the rear brakes.

Brake Override Technology. Standard on every Frontier®, it’s designed to help slow down your vehicle and bring it to a stop in an emergency. It works by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

Vehicle Dynamic Control (VDC). Also known as electronic stability control, VDC monitors driver inputs and vehicle motion and helps compensate for oversteer or understeer to help keep you on your steered path.¹

Active Brake Limited Slip (ABLS). To help keep your wheels from spinning, Frontier® offers ABLS. This system senses when a wheel begins to slip, then automatically brakes the slipping wheel and sends additional power to the wheel (or wheels on 4x4 models) with the best traction.²

Some components have been chrome-plated or painted for display purposes only. ¹VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. “Standard on all models. Dana® is a registered trademark of Dana Corporation.”

1. Overslung rigid leaf-spring rear suspension
2. Anti-lock Braking System (ABS)
3. Electronic Brake force Distribution (EBD)
4. Brake Override Technology
5. Vehicle Dynamic Control (VDC)
6. Active Brake Limited Slip (ABLS)
CAPABILITY IS IN YOUR CORNER.

Power – either you’ve got it, or you don’t. And with Frontier®, you’ve got it in a big way. With an available 4.0-liter engine packing 261 horsepower, you won’t find a more powerful V6 in its class. And with a massive 281 lb-ft of torque, you can tow or haul just about anything you need to bring along. Maybe it’s because we’re a company that loves to compete – off-road, on the racetrack, even in the showroom. But wherever we win, we’re happy to share the prize with you.

261
HORSEPOWER

281
LB-FT OF TORQUE

6,500
LBS. MAX TOWING²

V6 power. The available 24-valve 4.0-L V6 works its magic with advanced technology, including a lightweight aluminum engine block, advanced valve timing system, variable intake, and race-bred friction-reducing technology.

A 4-cylinder that feels like a 6. Frontier® also offers a 2.5-L 4-cylinder that pumps out 152 horsepower, 171 lb-ft of torque, and features a compact balancer system to deliver the smoothness of a V6.

Gear up. You can harness the 4-cylinder’s power through a 5-speed manual transmission or an available 5-speed automatic. The V6 is available with either a 6-speed manual or 5-speed automatic transmission.
SHAKE UP SOME SAND.

Looking for some major attitude? The Desert Runner® trim serves it up with looks that thrill. Amp up your cool factor with 16" 6-spoke aluminum-alloy wheels, a satin chrome grille, and details like fog lights and a body-color rear bumper. Bilstein® off-road performance shocks and 265/75R16 BF Goodrich® Rugged Trail T/A® tires maximize your potential. And a unique bedside decal tops it off – just before you leave them in the dust.

Dialed in. Get a new perspective inside as well with high-visibility white-faced gauges and unique embroidered sport cloth front seats, including an 8-way adjustable driver’s seat. Endure even the longest trek with a USB input for your iPod® and steering wheel-mounted audio controls.
TREAT 'EM LIKE PEBBLES.

The ultimate off-road Frontier®, the PRO-4X®. Exhibit championship form with unrivaled gear, including Bilstein® off-road performance shocks, an electronic locking rear differential, 4-wheel Active Brake Limited Slip (ABLS), skid plates, and 265/75R16 BFGoodrich® Rugged Trail T/A® tires. Add in 16” 6-spoke aluminum-alloy wheels, fog lights, and an exclusive interior, and you’ve got a winning combination, inside and out.

Hill start assist. When starting on steep hills from a stop, hill start assist will help keep you from rolling backwards. It holds brake pressure for a few seconds, allowing you time to switch from the brake pedal to the accelerator. 1

Hill descent control. When driving down a steep grade in 4WD, hill descent control can help. Just push the button, ease your foot from the accelerator, and the system automatically maintains speed and brake pressure to help provide a controlled descent. 1

Electronic locking rear differential. When 4x4 mode just isn’t enough, push the button to activate the electronic locking rear differential. This ultimate off-road feature delivers equal power to both rear wheels to boost traction and help keep your truck moving forward. When engaged, it works in conjunction with the 4-wheel Active Brake Limited Slip (ABLS). So while the locking rear differential keeps the rear wheels powered to move you ahead, ABLS helps give you the traction you need up front to help maintain steering control.

1 PRO-4X® models with automatic transmission only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH. BFGoodrich® is a registered trademark of Goodrich Corporation. Rugged Trail T/A® is a registered trademark of Uniroyal Goodrich Licensing Services, Inc.
NISSAN UTILI-TRACK® SYSTEM

INNOVATION THAT’S GOT A GRIP.

Wouldn’t it be cool if you could put the submission hold on cargo? The available Utili-track® Channel System on Frontier® gives you choices few other trucks can match. Just about any type of cargo you can think of, this system is fully equipped to help keep it secured tightly. Five channels, four cleats, and a lot of thought about how people really use their trucks have created a system that’s simple, rugged, and offers near-infinite possibilities.

LOADS OF ACCESSORIES

There’s also a full line of accessories to help you get even more out of Utili-track®, including a Sliding Tool Box™, a Sliding Bed Divider, and a Sliding Bed Extender.

4 CLEATS

Frontier®’s four heavy-duty forged aluminum cleats easily slide in the channels for unmatched flexibility to tie things down – and the strength to hold them.

5 CHANNELS

Unmatched versatility comes in the form of five channels – including two channels in the floor, a feature few competitors can match. And since you can lock the cleat anywhere along the rail, Frontier® makes sure you find the best position to secure whatever you bring along.

SPRAY-ON BEDLINER

Adding to the incredible versatility of the bed, the available spray-on bedliner is applied at the factory – so you know it’s done right. Fade- and weather-resistant, it’s a rugged, non-skid surface that adheres directly to the bed to help prevent rusting and protect the truck’s bed.
BRING YOUR CAVE ALONG WITH YOU.

Comfort, entertainment, cup holders – they’re all here. Whether on the job or on the go, Frontier® gives you everything you need to make the space yours. A great-looking interior plus an available sporty, leather-wrapped steering wheel with cruise control and audio adjustments – all the better to crank up the available Rockford Fosgate®-powered audio system, which features 10 speakers, including subwoofers. The available Bluetooth® Hands-free Phone System lets you make and take calls with your hands on the wheel and listen to calls through the audio system’s speakers. Available Dual Zone Automatic Temperature Control (ATC) lets you and your passenger set your own climates. With this level of comfort and convenience, when you get where you’re headed, you might not want to get out.

* Crew Cab only. *Standard on all models except Frontier® S King Cab® with manual transmission. *Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. Rockford Fosgate® is a registered trademark of Rockford Corporation.
Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. The Rear Sonar System is a convenience, but is not a substitute for proper backing procedures. Always look and think that it is safe to do so before backing up. May not detect every object behind you.

The Rear Sonar System is a convenience, but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. May not detect every object.

What if you had some help seeing objects behind you? The available RearView Monitor automatically activates whenever you’re in Reverse, helping you line up your approach to a trailer. Now that’s handy.

Plus, the available Rear Sonar System beeps when it senses a nearby object while backing up and increases in frequency the closer you get to help you maneuver in tight spaces.

IT’S LIKE HAVING EYES IN THE BACK OF YOUR TRUCK.

What if you had some help seeing objects behind you? The available RearView Monitor automatically activates whenever you’re in Reverse, helping you line up your approach to a trailer. Now that’s handy.

Plus, the available Rear Sonar System beeps when it senses a nearby object while backing up and increases in frequency the closer you get to help you maneuver in tight spaces.
NISSANCONNECT™

INNOVATION YOU’LL FIND INCREDIBLY HANDY.

NISSANCONNECT™ is smart technology that keeps your world within reach. And with the available NissanConnect™ Apps, your Frontier® becomes your smartphone’s best friend. Music, information and the apps that keep you connected to your world all work seamlessly together right through Frontier’s touch-screen. And it keeps on getting better: the app constantly updates to the latest version, and the basic app package is free for the first three years.

NissanConnect™ Apps: for the music you love. Imagine the choices you have with Pandora®, iHeartRadio®, Slacker®, and more. And it couldn’t be easier – once you download the app, you can stream the music wirelessly via Bluetooth® or use Frontier’s iPod®/USB input.1 You can find out how to download the app and about smartphone compatibility at www.NissanUSA.com/connect.

NissanConnect™ Apps: everything that matters at your fingertips. You’re wired to your world with the NissanConnect™ Apps. Frontier® lets you keep track of Twitter®, Facebook®, and more. And thanks to Frontier’s available navigation system and NissanConnect™’s compatibility with location-based services, including Online Search powered by Google® and Yelp®, getting around has never been easier.1, 4 You can find out more about the app and feature availability at www.NissanUSA.com/connect.

More than just apps, NissanConnect™ keeps you in the loop with:

• Nissan Navigation System – with SiriusXM® Traffic and Travel Link®4, 5
• iPod®/USB input3
• Streaming audio via Bluetooth®2
• Hands-free text messaging assistant6, 7

INNOVATION YOU’LL FIND INCREDIBLY HANDY.
LOAD IT ALL IN THE CREW CAB.

Frontier® Crew Cab. Space or comfort? Why not both? Forward-finned doors make for easy entry, and a 60/40 split rear bench allows seating for five and folds easily to create a large, flat surface. Or you can flip up the rear-seat cushions for more storage room. There’s also an under-seat storage tray that’s removable for even greater versatility.
Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Nissan Frontier® PRO-4X® King Cab® shown in Graphite Steel Cloth.

Frontier® King Cab® Smart design means rear doors that give your passengers easy access to the cabin. And with no B-pillars, you also get a huge opening for larger-than-life items. The two rear seats face forward or tip up and out of the way to reveal a large open space for cargo.
FLEXIBILITY. STORAGE. SECURITY.

The front-passenger seat folds down to carry larger items or to make a flat surface for writing checks other trucks can’t cash. Storage options, including (1) removable storage under the rear seats, (2) a multi-level center console, and (3) a dual-level glove compartment keep your gear safe and out of sight of prying eyes.1

1 See Specifications section for availability. Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution.
NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you needed for every part of your drive? The Nissan Safety Shield® technologies are a comprehensive approach to safety that guide the engineering and development of every vehicle we make. By keeping an eye on your vehicle’s systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident, the Nissan Safety Shield® technologies are our way of looking out for you and yours.

MONITOR

Smart technologies are designed to help monitor conditions. Like an available rearview camera that helps you see something directly behind you or a system that helps ensure you’re travelling on properly inflated tires.

Tire Pressure Monitoring System 1
Available Automatic On/Off Headlights
Available RearView Monitor2
Available Rear Sonar System3

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.4
Traction Control System helps reduce wheelspin in low-traction situations.
Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat-belt and occupant-classification sensors5
Front seat-mounted side-impact supplemental air bags
Roof-mounted curtain side-impact supplemental air bags with rollover sensor for front and rear-seat outboard occupant head protection6
LATCH System (Lower Anchors and Tethers for Children)

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles and offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

Click the button to see a short video on how Snug Kids® helps you find the right CRS for your Nissan. Or go to bit.ly/NissanSnugKids.

LATCH System (Lower Anchors and Tethers for Children)
1 Covered by Nissan’s Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details.  

2 See Nissan Towing Guide and Owner’s Manual for proper use.

GENUINE NISSAN ACCESSORIES.
Every Genuine Nissan Accessory is custom-fit, custom-designed, and durability-tested. Each one is backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty and can be financed when installed by dealer at time of purchase. See your Nissan dealer for more information on accessories, or log on to parts.NissanUSA.com.

A. Desert Runner® Carpeted Floor Mats
Shield your carpet and show your pride.

B. Hood Protector
Give your hood a fighting chance.

C. Side-window Deflectors
Wind is great, but not in your face.

D. PRO-4X® Carpeted Floor Mats
It’s the ultimate Frontier®. Treat it right.

E. Hitch Ball, Class III
Ready for towing up to 5,000 lbs.

F. All-season Floor Mats
Don’t let the muck mess up your truck.

G. Body Side Moldings and Step Rails
Protect your doors and get a lift (sold separately).

H. Splash Guards
Show that puddle who’s boss.

For more information and to shop online for Genuine Nissan Accessories, go to bit.ly/frontiergna.
Along with the other hard-working accessories listed below, you’ll find a full line of accessories designed specifically to work with the available unique system of channels and cleats in Frontier®’s incredibly versatile Utili-track® system.

A. Weight-distributing Hitch Ball Mount, Class IV
   Tow big or go home.

B. Sliding Bed Divider
   Divide and conquer. Works perfectly with Utili-track® system.

C. Sliding Tool Box
   Slide it forward when you’re on the move. Slide it back for easy access on the job.

D. Non-sliding Tool Box
   Like a treasure box for your tools.

E. Bedliner
   Because your bed takes a beating.

F. Tow Hook
   Extra strength for sticky situations.

G. Bed Tent
   It’s your truck! It’s your campsite! It’s both!

H. Sliding Bed Extender
   Ideal for the long haul.

At NissanUSA.com, you’ll find virtual product demonstrations, a way to “build your own Nissan,” a dealer locator, and more information about key Nissan support services. Or if you’d prefer, call 1-800-NISSAN-3 for answers to specific questions about Frontier® or any other Nissan vehicle. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. Tread Lightly!® Please. Always wear your seat belt, and please don’t drink and drive. ©2014 Nissan North America, Inc.

This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by Nissan North America, Inc. Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with Nissan North America, Inc., before relying on it to make a purchase decision. Nissan North America, Inc., reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, see your Nissan dealer or contact Nissan North America, Inc.

Nissan Motor Acceptance Corporation. Whether you’re buying or leasing, you’ll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 5-year/60,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions, and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus: This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for services, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they’re the only parts to carry Nissan’s factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan’s environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®. Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green.
