WELCOME TO THE 2015 NISSAN FRONTIER® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Frontier.

Click here to sign up for news and updates on the 2015 Nissan Frontier.
WHAT IF TOUGH WAS ALWAYS ON CALL?

Got a major to-do list? No problem. With Frontier, you’ve got a partner that’s up to the biggest challenges. It’s a mid-size truck with full-size attitude and plenty of engine muscle and towing capacity to get the job done. A fully boxed ladder frame and advanced off-road technology come standard, so no matter what you’re doing, you can do it easily. King Cab or Crew Cab, there’s room for work and play. And with the Desert Runner or PRO-4X models, you choose when to cut a trail from the highway to the hills. The 2015 Nissan Frontier.
Nissan Frontier® SV V6 King Cab® shown in Night Armor with accessory Splash Guards.
WORKS UNTIL YOU SAY WHEN.
NISSAN KNOWS THAT FOUR WALLS ARE STRONGER THAN THREE.

That’s why Frontier® features a full-length, fully boxed ladder frame instead of the 3-sided, open C-shape rails found on some other trucks. The frame is built with super-high-tensile-strength steel in strategic areas for enhanced structural rigidity. This rugged material is stronger than conventional steel for increased torsional stiffness that helps deliver improved performance, on- and off-road. And it’s the perfect foundation to build upon with our advanced technology.

Some components have been chrome-plated or painted for display purposes only. VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Standard on all models. Dana® is a registered trademark of Dana Corporation.

1. Overslung rigid leaf-spring rear suspension
2. Available heavy-duty Dana® rear axle
3. 4-wheel vented disc brakes with Anti-lock Braking System (ABS)
4. Steel double-wishbone front suspension

Vehicle Dynamic Control (VDC). Also known as electronic stability control, VDC monitors driver inputs and vehicle motion and helps compensate for oversteer or understeer to help keep you on your steered path.1

Anti-lock Braking System (ABS). Rapidly pumps the brakes during hard braking to help keep your wheels from locking up, helping you steer around an obstacle.

Electronic Brake force Distribution (EBD) senses additional weight, whether it’s a full cargo bed or a full tank of gas, and sends extra force to the rear brakes.

Brake Override Technology. Standard on every Frontier. It’s designed to help slow down your vehicle and bring it to a stop in an emergency. It works by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

Active Brake Limited Slip (ABLS). To help keep your wheels from spinning, Frontier® offers ABLS. This system senses when a wheel begins to slip, then automatically brakes the slipping wheel and sends additional power to the wheel (or wheels on 4x4 models) with the best traction.2

1, 2
CAPABILITY IS IN YOUR CORNER.

Power – either you’ve got it, or you don’t. And with Frontier®, you’ve got it in a big way. With an available 4.0-liter V6 engine packing 261 horsepower, your V6 is chomping at the bit. And with a massive, best-in-class 281 lb-ft of torque, you can tow or haul just about anything you need to bring along. Maybe it’s because we’re a company that loves to compete – off-road, on the racetrack, even in the showroom. But wherever we win, we’re happy to share the prize with you.

261
HORSEPOWER

281
LB-FT OF TORQUE

6,500
LBS. MAX TOWING'

V6 power. The available 24-valve 4.0-L V6 works its magic with advanced technology, including a lightweight aluminum engine block, advanced valve timing system, variable intake, and race-bred friction-reducing technology.

A 4-cylinder that feels like a 6. Frontier® also offers a 2.5-L 4-cylinder that pumps out 152 horsepower, 171 lb-ft of torque, and features a compact balance system to deliver the smoothness of a V6.

Gear up. You can harness the 4-cylinder’s power through a 5-speed manual transmission or an available 5-speed automatic. The V6 is available with either a 6-speed manual or 5-speed automatic transmission.

Ward’s Light Vehicle Market Segmentation. 2015 Frontier® vs. 2015 Small Pickup Class. "King Cab®" 6-cylinder with V6. "Frontier® Crew Cab" 6-cylinder with V6. Nissan Frontier® is a pickup truck manufactured by Nissan North America, Inc. Cargo shown is for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

7-pin connector trailer wire harness and tow hitch receiver required, both sold separately. See Nissan Towing Guide and Owner’s Manual for proper use.
Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH.

SHAKE UP SOME SAND.

Looking for some major attitude? The Desert Runner® trim serves it up with looks that thrill. Amp up your cool factor with 16” 6-spoke aluminum-alloy wheels, a satin chrome grille, and details like fog lights and a body-color rear bumper. Bilstein® off-road performance shocks and 265/75R16 mud- and snow-rated all-terrain tires maximize your potential. And a unique bedside decal tops it off—just before you leave them in the dust.

Dialled in. Get a new perspective inside as well with high-visibility white-faced gauges and unique embroidered sport cloth front seats, including an 8-way adjustable driver’s seat. Endure even the longest trek with a USB input for your iPod® and steering wheel-mounted audio controls.

Nissan Frontier® Desert Runner® King Cab® shown in Glacier White with accessory Splash Guards.
TREAT 'EM LIKE PEBBLES.

The ultimate off-road Frontier®, the PRO-4X® Exhibit championship form with unrivaled gear, including Bilstein® off-road performance shocks, an electronic locking rear differential, 4-wheel Active Brake Limited Slip (ABLS), skid plates, and 265/75R16 mud- and snow-rated all-terrain tires. Add in 16” 6-spoke aluminum-alloy wheels, fog lights, and an exclusive interior, and you’ve got a winning combination, inside and out.

Hill start assist. When starting on steep hills from a stop, hill start assist will help keep you from rolling back. It holds brake pressure for a few seconds, allowing you time to switch from the brake pedal to the accelerator.

Hill descent control. When driving down a steep grade in 4WD, hill descent control can help. Just push the button, ease your foot from the accelerator, and this system automatically maintains speed and brake pressure to help provide a controlled descent.

Electronic locking rear differential. When 4x4 mode just isn’t enough, push the button to activate the electronic locking rear differential. This ultimate off-road feature delivers equal power to both rear wheels to boost traction and help keep your truck moving forward. When engaged, it works in conjunction with the 4-wheel Active Brake Limited Slip (ABLS). So while the locking rear differential keeps the rear wheels powered to move you ahead, ABLS helps give you the traction you need up front to help maintain steering control.
Wouldn’t it be cool if you could put the submission hold on cargo? The available Utili-track® Channel System on Frontier® gives you choices few other trucks can match. Just about any type of cargo you can think of, this system is fully equipped to help keep it secured tightly. Five channels, four cleats, and a lot of thought about how people really use their trucks have created a system that’s simple, rugged, and offers near-infinite possibilities.

NISSAN UTILI-TRACK® SYSTEM
INNOVATION THAT’S GOT A GRIP.

LOADS OF ACCESSORIES
There’s also a full line of available accessories to help you get even more out of Utili-track® including a Sliding Tool Box, a Sliding Bed Divider, and a Sliding Bed Extender.

4 CLEATS
Frontier’s® four heavy-duty forged aluminum cleats easily slide in the channels for unmatched flexibility to tie things down – and the strength to hold them.

5 CHANNELS
Unmatched versatility comes in the form of five channels – including two channels in the floor, a feature few competitors can match. And since you can lock the cleat anywhere along the rail, Frontier® makes sure you find the best position to secure whatever you bring along.

SPRAY-ON BEDLINER
Adding to the incredible versatility of the bed, the available spray-on bedliner is applied at the factory – so you know it’s done right. Fade- and weather-resistant, it’s a rugged, non-skid surface that adheres directly to the bed to help prevent rusting and protect the truck’s bed.

NISSAN UTILI-TRACK® SYSTEM
INNOVATION THAT’S GOT A GRIP.

Wouldn’t it be cool if you could put the submission hold on cargo? The available Utili-track® Channel System on Frontier® gives you choices few other trucks can match. Just about any type of cargo you can think of, this system is fully equipped to help keep it secured tightly. Five channels, four cleats, and a lot of thought about how people really use their trucks have created a system that’s simple, rugged, and offers near-infinite possibilities.

BRING YOUR CAVE ALONG WITH YOU.

Comfort, entertainment, cup holders – they’re all here. Whether on the job or on the go, Frontier® gives you everything you need to make the space yours. A great-looking interior plus an available sporty, leather-wrapped steering wheel with cruise control and audio adjustments – all the better to crank up the available Rockford Fosgate®-powered audio system, which features 10 speakers, including subwoofers. The available Bluetooth® Hands-free Phone System lets you make and take calls with your hands on the wheel and listen to calls through the audio system’s speakers. Available Dual Zone Automatic Temperature Control (ATC) lets you and your passenger set your own climates. With this level of comfort and convenience, when you get where you’re headed, you might not want to get out.

*Crew Cab only. Standard on all models except Frontier® S King Cab® with manual transmission. Availability of some features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. Rockford Fosgate® is a registered trademark of Rockford Corporation.
What if you had some help seeing objects directly behind you? The available RearView Monitor automatically activates whenever you’re in Reverse, helping you line up your approach to a trailer.

Now that’s handy. Plus, the available Rear Sonar System beeps when it senses a nearby object while backing up and increases in frequency the closer you get to help you maneuver in tight spaces.

IT'S LIKE HAVING EYES IN THE BACK OF YOUR TRUCK.
YOUR WORLD, AT YOUR FINGERTIPS.

With available NissanConnect™ with Mobile Apps, your Frontier® becomes your smartphone’s best friend. Which means no more separation anxiety for you. Because now your own hand-picked music, Facebook®, latest tweets, and more all come along for the ride, working seamlessly together through your smartphone and Frontier®’s available color monitor.

Your Frontier® also keeps you in the loop with the available Nissan Navigation System (featuring voice recognition), 2 hands-free text messaging assistant, 3 Bluetooth® hands-free calling and streaming audio, 4 plus an iPod®/USB input. 5

LOAD IT ALL IN THE CREW CAB.

Frontier® Crew Cab. Space or comfort? Why not both? Forward-hinged doors make for easy entry, and a 60/40 split rear bench allows seating for five and folds easily to create a large, flat surface. Or you can flip up the rear-seat cushions for more storage room. There’s also an under-seat storage tray that’s removable for even greater versatility.

Nissan Frontier® SL Crew Cab shown in Steel Leather.
GO WIDE WITH THE KING CAB.

Frontier® King Cab™ Smart design means rear doors that give your passengers easy access to the cabin. And with no B-pillars, you also get a huge opening for larger-than-life items. The two rear seats face forward or flip up and out of the way to reveal a wide open space for cargo.

Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.
KEEP IT UNDER WRAPS.

When it comes to keeping your cabin tidy and your gear safe from prying eyes, Frontier® gives you some smart options, including (1) a multi-level center console, (2) removable storage under the rear seats, and (3) a big, dual-level glove compartment.¹

¹See Specifications section for availability. Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.
NISSAN SAFETY SHIELD™ PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield™ is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies help monitor conditions. Like an available rearview camera that helps you see something directly behind you or a system that helps ensure you’re travelling on properly inflated tires.

Tire Pressure Monitoring System
Available Automatic On/Off Headlights
Available RearView Monitor
Available Rear Sonar System

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.
Traction Control System helps reduce wheelspin in low-traction situations.
Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Six Standard Air Bags

LATCH System (Lower Anchors and Tethers for CHildren)

Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with Nissan North America, before relying on it to make a purchase decision. Nissan North America, Inc., reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, see your Nissan dealer or contact Nissan North America, Inc.

Nissan Motor Acceptance Corporation. Whether you’re buying or leasing, you’ll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions, and exclusions apply. See Warranty Information Booklet for complete details.

Security+™. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+™. This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they’re the only parts to carry Nissan’s factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan’s environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®. Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green
