Wouldn’t it be cool if your car could put a smile on your face, confidence in your hands and goose bumps all over? Here are just a few ways Murano® gives you an unforgettable drive.

Aerodynamic Design. You get more roominess and better fuel economy, all in a body designed to cut through the wind while delivering a smoother, more quiet ride. Meanwhile, intuitive AWD adapts to changing conditions for improved grip and more control when you need it.

Advanced Drive-Assist® Display. In the driver’s seat, you have the info you need on an easy-to-read 178 mm (7") colour display right in front of you. Turn-by-turn directions, caller ID, driving aids, and more.1

Intelligent Climate Control. Use your Intelligent Key to let your Murano® know you’re coming. It can heat up or cool down the cabin to a comfortable 25° C before you even get inside.

Looking for more? Visit Murano® on Facebook® or Twitter® to see what owners have to say. Find walkarounds, product demos and more on YouTube.2

And follow Nissan on:
Imagine a crossover so modern and inviting, it speaks to the importance of good company. Introducing the all-new, 2015 Nissan Murano®. At first glance, you notice an exterior of artfully sculpted sheet metal, with an aerodynamic body that appears to be shaped by the forces of wind and a signature floating roofline that seems to hover above the cabin, while it all glides down the road on the available luminous, 20-inch machine-finished aluminum-alloy wheels. But Murano® is more than just a stunning first impression. The premium interior welcomes you with personal, purposeful technology and a uniquely spacious feel that everyone will want to get to know. And the cabin layout is designed for a collective experience, giving you every reason to stay and talk awhile. The all-new 2015 Nissan Murano®.
Generous space is at your fingertips. The space and flexibility of the Nissan Murano's interior also comes with seamless ways to use it. Rear passengers can get in and out in a snap. In back, you can increase your cargo volume to 1979 litres (69.9 cubic feet) when you collapse the 60/40 split rear seats. Convenient available automatic controls let you power up the rear seats from the instrument panel or rear cargo area.

And for simpler loading and unloading, control Murano's available power liftgate from your remote, the instrument panel, or a button on the hatch. Delightful by design. Murano invites you to enjoy the small things, like softer headrests with just the right amount of give. And the big things. Like front and rear Zero Gravity Seats, which help provide continuous support from hips to back and help reduce fatigue, leading the way for more comfortable road trips.

To find your way, access the standard navigation system on a high-resolution, 203 mm (8") multi-touch control colour monitor.1 Rear passengers can recline,2 and activate their own available Quick Comfort® heating – which warms you up in moments – by flipping the switch right next to their very own rear USB connection port. In addition to warm-ups, front seats also enjoy cool-downs with the available climate-controlled front seats. It's an elevated driving experience, for everyone on board.

Nissan Murano® Platinum AWD shown in Cashmere Leather with optional equipment. U.S. instrumentation shown.

1 Factory-installed option. Never program while driving. GPS mapping may not have detailed or up-to-date content and status. "Passengers should not ride in the reclined position while the vehicle is in motion."

2Passengers should not ride in the reclined position while the vehicle is in motion.
YOU'RE NOT JUST DRIVING, YOU'RE HOSTING.

Murano® offers a unique social space designed to let everyone effortlessly connect in an interior that's an expression of serenity. To begin with, we've redesigned Murano®’s control panel to be simpler and more intuitive, nestled like a gem in the sculpted dash. Throughout the cabin, lit by the available ambient glow of adjustable mood lighting, touches of chrome and trim accents in a Jasper Pearlescent or Brushed Silver complement the available leather interior. Rear passengers enjoy controls for available rear heated seats, plus a place to store and recharge their smartphone, and the wider centre console allows everyone to mingle without leaning or straining. At the wheel, you have enhanced visibility, thanks to a higher seating position and slimmer side pillars that give way to larger windows. Meanwhile, above you, the expanded available power panoramic moonroof stretching from front to back seems to breathe in light. An atmosphere this premium makes it easy for everyone to enjoy the journey – and might make your destination seem beside the point.

Daily commutes, traffic jams, and soccer games. With so much going on around you, it's easy to lose sight of what's most important: driving. From turn-by-turn directions to caller ID or safety features, the Advanced Drive-Assist Display lays it all out right before you on a 178 mm (7") colour screen – helping to minimize time looking away.  

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY  
INNOVATION THAT UPGRADES YOUR PERSONAL SPACE. 

Google+ Search for a local kickboxing class. Call hands-free to invite friends to dinner. Find the cheapest gas on your way out that night. All the while, your own hand-picked music, podcasts, and more are all just a swipe or a tap away, working seamlessly together through your smartphone and Murano®'s 203 mm (8"), high-resolution colour touch-screen. And it keeps on getting better: the basic app package is complimentary for the first three years.

More than just apps, NissanConnect with Mobile Apps keeps you in the loop with Nissan Navigation System (featuring Voice Recognition), hands-free text messaging assistant, Bluetooth® hands-free calling and streaming audio, and two iPod/USB inputs.  

YOUR WORLD, AT YOUR FINGERTIPS.
BECAUSE YOU LIKE YOUR POWER POLISHED.

Power, courtesy of a 3.5-L V6 engine. Murano®’s 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. And efficient fuel economy on the highway keeps it practical. Of course, it doesn’t hurt to have aerodynamics that give you a drag coefficient of 0.31 — comparable to sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT®. Unlike conventional automatic transmissions, the virtually “gearless” Xtronic CVT® transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don’t.

CONTROL THAT DOESN’T MISS A BEAT.

Available intuitive All-Wheel Drive (AWD). Just because the terrain and weather vary doesn’t mean the smoothness of your ride has to. Feel connected to the road, no matter where you go. The second you pull away, the intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you’re up to speed, no sense powering all four wheels, so Nissan Murano® efficiently sends the power all up front. Then, for enhanced cornering control and traction, intuitive AWD compensates by transferring some of that power from the front wheels to the rear, so you can rise to the occasion when driving conditions change.

NISSAN SAFETY SHIELD® PHILOSOPHY
SURROUND YOURSELF WITH CONFIDENCE.

What if extra reassurance was easy to spot? Whether you’re changing lanes on the highway or deftly maneuvering your way into a parking spot, Murano’s® available Safety Shield Technologies® offer you a class-exclusive® safety suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic and think ahead, so you’re prepared to respond when you need to.

3 Standard Airbags. Nissan Advanced Airbag System has dual-stage supplemental front airbags with seat belt and occupant-classification sensors. In addition, Murano® features front seat-mounted side-impact supplemental airbags,2 a driver supplemental knee airbag,2 and roof-mounted curtain side-impact supplemental airbags with rollover sensor.2

Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert. When the Tire Pressure Monitoring System (TPMS) detects a low tire pressure, an icon illuminates on your dash to let you know. When filling your tires, the Easy-Fill Tire Alert gives you a friendly beep of the horn when you’ve reached the right pressure.3,4

Moving Object Detection (MOD). When the Around View® Monitor is in use and detects something moving by the vehicle, it gives a visual and audible alert.8

Intelligent Cruise Control (ICC). Helps you keep a safe distance by using radar technology to maintain a preset distance from the car ahead in your lane, even at low speeds.7

Predictive Forward Collision Warning (PFCW). In traffic, it only takes a moment to get caught off guard in a potentially dangerous situation. How about a little help? With this technology, a radar sensor on the front of Murano® constantly monitors not just one vehicle ahead in your lane, but two. When the system detects sudden deceleration, it gives you an audible warning and a visual signal on the instrument panel.9 So you get a heads up, even if you can’t see what’s slowing you down.

Forward Emergency Braking (FEB). Helps you know when to reduce your speed, if necessary. It can also apply braking to help you avoid a collision. If a collision is unavoidable, this feature will engage the brakes to help reduce speed of impact and reduce the severity of a collision.6

Blind Spot Warning (BSW). If another vehicle is detected in the blind spot area, an indicator appears in the driver or front passenger door pillars and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.5

Rear Cross Traffic Alert (RCTA). When you’re backing out of a parking space, this feature monitors the area around the rear of your Murano® and can warn you about vehicles you might not see behind you approaching from either side. So backing up feels easier than ever.1

Ward’s 1 Inch Usage

snugkids®. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan’s. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, and offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/owners/en

Intelligent Around View® Monitor. A VM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 8 km/h (5 mph). Always check surroundings and turn to look behind you before changing lanes, especially when aVM is in use. See Owner’s Manual for details. 8

NISSAN AROUND VIEW® MONITOR®

IF YOU WANT PARKING ANY EASIER, YOU’LL HAVE TO VALET.

What if parallel parking were easier? A RearView Monitor is great when backing up—but when it comes to parking, it’s nice to see more than just what’s behind you. That’s why Murano®’s available Around View® Monitor uses four cameras to give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and outside views, so you can get a better look. And since all obstacles aren’t stationary, Moving Object Detection helps keep an eye around your Murano® and can warn you about moving objects in your vicinity.

Available only when equipped with 2014 or later model year Murano® navigation system. Requires compatible iPhone® with Bluetooth® and Siri® Eyes Free. Requires current Apple® account and credit card. iPhone® and Siri® Eyes Free are trademarks of Apple, Inc., registered in the U.S. and other countries. Some features not available in all countries. Siri® may not work with all applications and is not available in all languages or areas. Message center may not display full Address Book.
