OPEN UP a bigger, bolder world. Get there in a redesigned crossover that brings an aggressive new look to consistent capability. Gain confidence with new intelligent safety tech that keeps an eye out on every part of your drive. Load up in a snap with an interior that adapts for adventure. Where to? Call up directions, friends, and your favourite driving jam at the touch of a button. The new 2017 Nissan Rogue: Slide into gear and explore a life of POSSIBILITIES.
Create some best-in-class envy Go ahead and demand more. Rogue delivers, with best-in-class front head room1 and the supreme comfort of fatigue-reducing Zero Gravity front seats. There's a 2nd row that slides and reclines, so you can adjust for maximum legroom, more cargo space, or anywhere in between. And with available tasteful touches like a heated steering wheel, two-tone interior trim, Power Panoramic Moonroof, and leather-appointed seats with quilted inserts, this is one natural, relaxed, and decidedly upscale environment.
YOU’VE GOT AN ALL-ACCESS PASS

Nissan Motion Activated Liftgate  Now you’ve got easier access to your Rogue® than ever before. Hands full? Just kick under the rear bumper to automatically open the available Motion Activated Liftgate, without reaching for a key or juggling armfuls of stuff.

EZ Flex® Seating System  This 2nd row is truly accommodating, thanks to Rogue’s EZ Flex Seating System. It slides forward for easy access and adjusts to give you a little more cargo space, more leg room or anywhere in between! The seats also recline, so you can be exceptionally comfortable.3

3rd Row  Perfect when you need to transport the team or bring extra friends along. Rogue’s available 50/50 split folding 3rd-row seat gives you added flexibility carrying passengers and their gear, and folds down to make a flat cargo floor for maximum carrying space.

Nissan Intelligent Key®  With the available Nissan Intelligent Key, you can open your Rogue and activate the Push Button Ignition without reaching for your keys. And with Remote Engine Start,3 you can get your Rogue running before you even step inside.

Rogue’s available Nissan Motion Activated Liftgate makes it easier than ever to access the cargo area. Whether you’re loading or unloading, the liftgate opens and closes automatically, making it easier than ever to get in and out of your Rogue. The liftgate is designed to respond to your every move, ensuring you have easy access to your Rogue’s cargo area.

DIVIDE-N-HIDE®  Single-handedly reinventing capability, the Divide-N-Hide® Cargo System lets you adapt in a snap. An adjustable set of shelves and dividers gives you a variety of configurations. It’s so easy, you can do it with one hand.

UNDER WRAPS  Make a “box” that keeps valuables out of sight and creates a shelf on top!5

THE LAYERED LOOK  Create an open space for storage underneath, and a handy shelf to keep other items separate and within easy reach!5

SECRET SPOT  A long, flat floor for big items, with under-floor storage for things you want to hide.5

THE LOWDOWN  Lower your floor for added height to fit those tall items.5

Based on Global Automakers of Canada (GAC) Compact SUV Market Segmentation. MY17 Rogue® vs 2016/2017 Compact Sport Utility Class sourced from Autodata. Provincial laws may apply; review local laws before using.5

Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.5
Chill out while you warm your buns. Inspired design, available Bose® Premium Audio System and double-stitched leather – Rogue® is a nice place to be. Add in details like Quick Comfort® heated front seats that focus on key areas to warm you up as soon as possible, and you’ll find it’s toasty too. There’s even available Dual Zone Automatic Temperature Control (ATC) and a power passenger seat so your co-pilot can have things just the way they like it.

Advanced Drive-Assist® Display
From trip computer to turn-by-turn directions, the Advanced Drive-Assist Display serves up info right in front of you – helping to minimize time looking away.1,2,3

1 Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Information displayed is dependent on how vehicle is equipped. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. See Nissan.ca/bluetooth for details. Turn-by-turn navigation is dependent upon available network coverage. TPMS is not a substitute for regular tire pressure checks. PERFORMANCE FOR EVERY DAY, POWER FOR YOUR NEXT ADVENTURE

Rogue’s efficient 4-cylinder engine and Continuously Variable Transmission help ensure exceptional highway fuel economy, along with amazingly smooth power delivery as you breeze past the pump. And with Eco Mode, saving has never been simpler. Push the dash-mounted button, and Rogue automatically adjusts to help further improve your fuel economy.

WHETHER IT’S RAIN, SLEET, OR TURN OF ROAD

Intuitive All-wheel Drive (AWD). It’s so responsive, it can adapt to changing conditions 30 times faster than the blink of an eye. Snow, rain-covered pavement or tight turn, the system automatically sends power to the wheels that need it most. Even in ideal conditions, Rogue’s available AWD pays big dividends – our passionate engineers also tuned the system for responsive, agile performance. Getting a grip has never been more fun.

Confidence-inspiring Dynamic Technologies whether it’s stop-and-go traffic, your favourite on-ramp, or even just an annoying speed bump, Rogue uses advanced technology to make every drive feel more comfortable, confident, and enjoyable. And that’s a beautiful thing.

Active Engine Braking As you’re slowing for a corner or coming to a stop, this system uses the CVT transmission to apply engine braking. Much like shifting to a lower gear in traditional transmissions, it helps give smoother deceleration and a more confident feel when braking.

Active Trace Control A turn for the better. This innovative technology helps improve control when you take a corner. It reads the situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

Active Ride Control What bump? Active Ride Control smooths them out by automatically applying braking and adjusting engine torque.

Vehicle shown with optional accessory equipment.

Eco Mode Saving made simple. Push the dash-mounted button, and Rogue’s Eco Mode automatically adjusts to help you maximize fuel economy.

NISSAN INTELLIGENT CRUISE CONTROL

SET IT ONCE AND GO WITH THE FLOW

Unlike traditional systems that only maintain a set speed, Rogue’s available Intelligent Cruise Control also helps maintain an adjustable set distance between you and the car in front of you. As traffic slows down or speeds up, Rogue can respond accordingly.

NISSAN AROUND VIEW® MONITOR

360 WAYS TO MAKE PARKING EASIER THAN EVER

What if parallel parking was easier? A rearview monitor is great when backing up – but when it comes to parking, it’s nice to see more than just what’s behind you. That’s why Rogue® offers the available Around View Monitor® Four cameras give you a virtual 360° birds-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look! And since all obstacles aren’t stationary (shopping carts, we’re talking to you), Moving Object Detection keeps an eye around your Rogue and can warn you about moving objects detected in your vicinity.

NISSANCONNECT® SERVICES POWERED BY SIRIUSXM®

MEET YOUR ENTOURAGE

Let our people look after you and your people. With available NissanConnect Services, you have a selection of plans that give you additional peace of mind, along with added convenience and comfort.

Services Six (6) month trial period begins on your date of vehicle purchase or lease of a new Nissan; subsequently a paid subscription is required at the then current rate to continue to receive services. Subscription Agreement required and terms and conditions of Subscription Agreement apply. See Nissan.ca/connect for details. Enrollment is required to receive full suite of services. What if you had the confidence you need for every part of your drive? The Nissan Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

**MONITOR**

Smart technologies are designed to help monitor conditions. Like a warning to let you know when a vehicle is in the blind spot area, or a system that helps ensure you’re travelling on properly inflated tires.

Available Features:
- Forward Emergency Braking (FEB) with pedestrian detection
- Blind Spot Warning (BSW)
- Rear Cross Traffic Alert (RCTA)
- Lane Departure Warning (LDW) and Lane Departure Prevention (LDP)
- Moving Object Detection (MOD)
- Tire Pressure Monitoring System (TPMS)
- Easy-Fill Tire Alert

**RESPOND**

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

- **Vehicle Dynamic Control (VDC)** helps you maintain your steered path.
- **Traction Control System (TCS)** helps reduce wheelspin in low-traction situations.
- **Anti-lock Braking System (ABS)** helps you maintain steering control around obstacles while braking heavily.
- **Electronic Brake force Distribution (EBD)** sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
- **Brake Assist** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

**PROTECT**

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.

**LATCH System (Lower Anchors and Tethers for Children)**

In addition, Rogue® features driver and front passenger seat-belt and occupant-classification sensors. As well as offers invaluable tips on correct installation.

Lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation.

**sgn.kids.**

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child seats and are dedicated to helping you find the right fit for your little one. The Sgn.kids Child Safety Seat Fit Guide. This guide lists vehicle seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation.

**GET AWAY WITH JUST A WARNING**

- **Forward Emergency Braking (FEB) with Pedestrian Detection**
  - This system keeps an eye on your speed and proximity to the vehicle ahead of you, warning you if you need to slow down. It can also apply braking if you fail to respond. If a collision is unavoidable, this feature will engage the brakes to help reduce the speed and severity of impact. And if a pedestrian is detected at a crosswalk, this system will alert you, even fully applying the brakes if necessary.

- **Blind Spot Warning (BSW)**
  - When the Blind Spot Warning system detects another vehicle in the blind spot area, an indicator appears in the driver’s or front passenger’s door pillar and on the available Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime.

- **Rear Cross Traffic Alert**
  - When you’re backing out of a parking space, this available feature watches the area around the rear of your Rogue, and can warn you about detected vehicles you might not see behind you approaching from either side.

- **Lane Departure Warning (LDW) and Lane Departure Prevention (LDP)**
  - When you unintentionally drift out of your lane, Lane Departure Warning alerts you with a visual and audible alert. If you continue to stray from your lane, Lane Departure Prevention can help gently guide you back.

- **Moving Object Detection (MOD)**
  - When the Around View® Monitor is in use and detects moving objects near the vehicle, it gives a visual and audible alert.

**NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES**

**INNOVATION THAT LOOKS OUT FOR YOU**

**SAFETY SHIELD**

- Six Standard Airbags
- Electronic Brake force Distribution (EBD)
- Brake Assist
- Anti-lock Braking System (ABS)
- Traction Control System (TCS)
- VDC, which should remain on when driving except when freeing the vehicle from a stuck situation.

- Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

**Easy-Fill Tire Alert**

Guesswork out of filling your tires, reached the correct pressure with a beep of the horn when you've with seat-belt and occupant-classification sensors. Airbags are only a supplemental restraint system; always wear your seat belt.
CHOSE YOUR TRIM LEVEL

5
• 2.5-litre DOHC 16-valve 4-cylinder engine
• Available intuitive All-wheel Drive (AWD)
• Intelligent CVT® (Continuously Variable Transmission) with Sport Mode Shifter

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km Comprehensive New Vehicle warranty, a 5 year/100,000 km Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you’ll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your warranty information booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It’s our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Securuty+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan, honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there’s no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

¹ See your Nissan dealer and read the actual limited warranty. Stated gross and useful capacity limited by weight and old age limits. Always secure all cargo. Heavy loading of the vehicle or cargo, especially on unloading, will affect the handling and stability of the vehicle. What Zone Mirrors are not a substitute for proper rear view mirrors. May not detect all objects. For additional info. “HomeLink®” is a registered trademark of Gentex Corporation.

² Not available with SV Moonroof Package

³ Not available with S Fender Package
