Impossible to ignore.
The 2017 Toyota Camry.

Let’s make everyone do a double take. The 2017 Toyota Camry is here to turn heads, and its sculpted body lines, aggressive grille and muscular fenders are sure to command attention. Available LED Daytime Running Lights (DRL) shine bright and add to Camry’s premium feel; out back, the unique taillight treatment and available dual exhaust give a not-so-subtle hint at the power that lies under the hood. Add in Camry’s athletic stance and available 18-in. alloy wheels; and you’ve got yourself a sporty sedan that makes everyone take notice. Your driving thrills start here. Let’s go places.
The best memories are made when you embrace the unexpected.
Details that will get you noticed, and admired.

Camry has an interior that thrills before you even start moving. This feels more like a cockpit than anything else with its intuitive top-flight tech and available high-contrast French stitching. A sleek center stack with an available 7-in. touch-screen makes it easy to access a wide range of multimedia features. With a driver-focused layout that helps reduce distraction and a supportive, comfortable 8-way power-adjustable seat that cradles the driver, Camry truly has beauty and brains.

STANDARD INTEGRATED BACKUP CAMERA

All Camry audio systems include a standard backup camera. Anytime you put your Camry in Reverse, an image of what’s visible to the camera will appear on the touch-screen display. Now you can see all the people taking notice of your Camry.

8-WAY POWER DRIVER’S SEAT

Adding to the cockpit feel is Camry’s 8-way power-adjustable driver’s seat with power lumbar support that helps you find your perfect driving position. With custom comfort like this, it’s easy to fall in love with Camry’s interior.

AUTO HIGH BEAMS (AHB)

Shine bright with advanced safety features. Camry’s available Auto High Beam system helps detect vehicles as far away as 2000 feet and, depending on the circumstances, automatically switches the high beams on and off, making it easier for other drivers on the road.

Get ready for some respect on the road.

Innovative tech to help you drive with confidence.

Wouldn’t it be great if you had the confidence you need every time you went driving? Camry has a host of available features designed to help give you just that. It’s like a little extra guidance, whether it’s checking a blind spot, helping you change lanes, or getting emergency help. All this is part of a comprehensive approach to safety to give you peace of mind. Welcome to innovation that looks out for you.

SAFETY TECHNOLOGY

LANE DEPARTURE ALERT (LDA)

If an inadvertent lane departure is detected, the available Lane Departure Alert issues an audible warning and displays a warning on the instrument panel. It’s one more way Camry helps look out for you.

BLIND SPOT MONITOR (BSM)

When the available Blind Spot Monitor detects a vehicle, it illuminates a warning indicator on the appropriate sideview mirror to help you know when it’s safe to change lanes. Rear Cross-Traffic Alert (RCTA) works in much the same way. When you slowly back out of a driveway or parking spot, it provides audible and visual indicators to alert you of approaching vehicles.

PRE-COLLISION SYSTEM (PCS)

Camry’s available Pre-Collision System works with the Dynamic Radar Cruise Control (DRCC) system to determine if a frontal collision is imminent. If so, under certain conditions, the system automatically applies the brakes.

SAFETY CONNECT

With available Safety Connect, emergency assistance is always within reach. Via Toyota’s 24/7 call center, Safety Connect offers subscribers helpful features such as Emergency Assistance, Stolen Vehicle Locator, Roadside Assistance and Automatic Collision Notification.

It gets better: This hybrid also has dynamic suspension tuning, a stabilizer bar and a stability control system; so it’s ready for life in the fast lane. Now you get all the benefits of efficiency without losing any of the excitement—a thrilling contradiction. This is one bold hybrid.

Committed to safety.

Camry comes standard with the Star Safety System,™ our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)^2 and Smart Stop Technology® (SST).^3 In addition to these confidence-inspiring safety features, Camry has LATCH (Lower Anchors and Tethers for CHildren) to help keep children secure and safe, Whiplash-Injury-Lessening (WIL)^4 front seats and a Tire Pressure Monitor System (TPMS).^5

**SAFETY**

Available Direct Tire Pressure Monitor System (TPMS)

Proper tire pressure is always important for safe driving. TPMS evaluates the pressure of the tires and issues a warning if the pressure becomes critically low. An alert to let you know which tire is low on air is shown on the available 4.2-in. TFT Multi-Information Display screen nestled between Optitron gauges.

**TEN AIRBAGS^6**

Camry has ten standard airbags for you and your passengers, including a driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, driver and front passenger knee airbags, rear seat-mounted side airbags, and front and rear side curtain airbags.

**WHIPLASH-INJURY-LESSENING FRONT SEATS**

In certain lower-speed rear-end collisions, WIL seatbacks are engineered to yield in a controlled fashion, reducing the motion differential between head and torso, and helping minimize injury.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

**WARRANTIES**

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 12 months/12,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty. You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles will vary.
