Feel. It’s more than a feature. It’s not just about bells or whistles. It’s about the fundamentals of German engineering, craftsmanship, and attention to detail that make Jetta so dynamically Jetta. Tactile and tangible, these signatures of design and quality create a difference you can not only see and hear, but most importantly, feel. Isn’t it time for German engineering?
Redesigned front/rear exteriors. Both the front and rear of the Jetta were redesigned to look more sporty and refined, which gives the Jetta more presence on the road. We think you’ll like how it looks, coming and going.

Heated power side mirrors. Look behind those beautifully designed side mirrors and you’ll find they’re heated. So when your vision of things starts to fog up, you can have a clear view.

Bi-Xenon headlights. Brighter with better visibility at night than traditional halogen headlights. The Adaptive Front-Lighting System (AFS) can also turn the headlights up to 15 degrees to help you see. And be seen.

Bi-Xenon headlights* | Brighter with better visibility at night than traditional halogen headlights. The Adaptive Front-Lighting System (AFS) can also turn the headlights up to 15 degrees to help you see. And be seen.

Heated power side mirrors | Look behind those beautifully designed side mirrors and you’ll find they’re heated. So when your vision of things starts to fog up, you can have a clear view.

Form follows function, which leads to fun.

Design. Everything about the Jetta is designed with a purpose. It’s not just meant to be refined and beautiful, it’s meant to be driven and enjoyed by everyone who can appreciate the simple curve of a hood, as well as an S-curve on a mountain road. Because if everyone can’t have fun with it, what fun is that?

18” alloy wheels*  
Bi-Xenon headlights with LED Daytime Running Lights (DRL)*  
Side mirrors with integrated turn signals*  
LED taillights*  
Fog lights*  
Interior ambient lighting*
And make a lasting impression.

Built to last.

Forged-steel door hinges. These hinges are forged to be strong and durable. You'll probably notice them when you close the doors, look behind door numbers 1, 2, 3, and 4.

Laser seam welding. Another process that helps give the Jetta that solid feel. Unlike spot welding, which can leave gaps, laser seam welding creates continuous sealed seams, resulting in a more rigid chassis and a noticeably seamless roof.

Soft-touch dashboard. An available feature that gives the Jetta that premium look, and especially feel. Sit down and you'll instantly want to run your hands across the dash. Sometimes it’s the small touches that make the biggest difference.

Quality. It's something you just know when you see it, feel it, and—in the case of the Jetta—hear it. From the smallest details to the fit and finish, the Jetta is quality—built from the ground up. Like how the car body gets treated with hot wax flooding, a process that helps support our 12-year Unlimited Mileage Corrosion Perforation Warranty. And that goes a really long way in our book.

*See dealer or warranty booklet for details; some restrictions apply.
Performance. You’ll feel like you belong once you’re firmly in the driver’s seat. Give the engine its first few revs, and you’ll know you belong out on the road even more. The Jetta gives you multiple ways to get there with a 2.0L engine. Or choose from one of the other available engines, including a lively 1.8L TSI® engine, or a rev-happy 3.6L V6 engine. Or an efficient 2.0L TDI® Clean Diesel engine.” Whichever one you choose, you’ve never been more upwardly mobile.

1.8L TSI

This available lightweight, turbocharged 170-hp engine gives you the best of both worlds. Around town, it’s fuel efficient and fun, but when you need extra oomph, the turbocharger kicks in — just when you need it.

6-speed automatic transmission.

Sit back and enjoy the available 6-speed automatic transmission. Or live on the edge of your seat by changing gears manually in Tiptronic® mode. Either way, you won’t want to be sitting at a stoplight for long.

Multi-function sporty steering wheel.

You probably recognize this kind of steering wheel found in most race cars, but now you’ll see how it inspired every steering wheel found in a Jetta. Designed with a sportier look and feel, it will make you want to take that next corner in no time flat.

Sporty gauge cluster.

The gauges of the Jetta stand out for a reason — they were redesigned to bring the driver closer to the whole driving experience. See what happens when engineers get to test-drive cars on the Autobahn all day?

Move in the right circles. And straightaways.

2.0L TDI Clean Diesel

Talk about performance. This available turbocharged diesel engine gets 46 hwy mpg and gets up to 667 miles on a single tank of fuel. So go ahead and take the long way home. But only after you take the long way there.

Forward thinking, even in reverse.

Rearview camera. An available rearview camera helps you see what’s behind you when you’re backing up or parallel parking. And with the available Blind Spot Monitor with Rear Traffic Alert, you’re alerted when an approaching object is in your blind spot when in reverse. What a way to stay ahead while backing up.

Touchscreen navigation. This available touchscreen navigation system gives you turn-by-turn directions to anywhere you want to go. Even if you’re just looking to get lost on a long drive.

Bluetooth® with audio streaming. Once your compatible device is synced, you’re ready to make calls and stream your music. All while keeping your hands where they belong: on the steering wheel.

*Do not rely exclusively on Blind Spot Monitor. Always check surrounding traffic and use your turn signal. The feature’s function may be limited and depends on many factors. See Owner’s Manual for details.

SE shown in Black with 17” Goal accessory wheels.
Stay connected on every getaway.

Technology. The Jetta comes complete with an impressive IQ. Find your way back home with the available navigation system with 5-inch color touchscreen. Get lost in your favorite playlist with iPod®/iPhone® integration. Help make parking and backing out of your driveway a cinch with an available rearview camera. And if you ever need Roadside Assistance, you’ve got Volkswagen Car-Net® connected car features.** It sounds like a no-brainer to us.

Push-button start with available keyless entry†

Touchscreen sound system†

SiriusXM® Satellite Radio with 3-month trial subscription†

Fender® Premium Audio System†

HomeLink®†

Volkswagen Car-Net connected car features. With available VW Car-Net you can be synced and supported on the go — everything from finding a restaurant to getting Roadside Assistance.** It’s never been easier bonding with your Jetta.

HouseLink. Pulling up to your house doesn’t mean pulling out the remote. The available HomeLink system enables you to open and close your compatible garage door and front gate, and to turn your house’s security system, lighting, or other compatible devices on and off.

Rain-sensing wipers.† When it starts to rain, the windshield wipers of the Jetta can automatically turn on. They are also able to adjust their speed according to how much rain is falling. Really, who needs a weather report?

HomeLink.®
Dual-zone automatic climate control. Sometimes it’s too hot. And sometimes it’s too cold. In the Jetta, it’s never a problem with the available dual-zone automatic system where both front passengers can get their temperature just right.

Heated front seats. The Jetta can help keep your seat warm. With three different heat settings for you and your front passenger, these available seats will let you sit in the lap of luxurious warmth.

Roomy interior. Bring some friends along for the ride. With plenty of rear seat legroom, the Jetta offers a spacious ride for all passengers. And with 60/40-split folding rear seats, there’s no reason to leave anything behind.

One size fits all. Comfortably.

Interior. Feel free to invite your friends. And their friends too. The Jetta brings comfort to a whole new level. So take your seats, roll down the windows with just a single touch, and let the sun shine in from the available sunroof. Of course, the Jetta won’t just fit your friends — the trunk has 15.5 cubic feet of space that will lead you to all-new adventures. We’ve got to say, we like the way you carry yourself.

Cruise control
6-way power driver seat*
Power tilting/sliding sunroof*
Dual-zone automatic climate control*
Multi-functional sporty steering wheel
Driver seat with adjustable lumbar support*
V-Tex leatherette seating surfaces*
Rear seat pass-through*

*Feature available on select models.
Protection you can count on.

Safety and Driver Assist. We know anything can happen out there. That’s why we designed safety features to help protect you and your passengers. And now you can get a little more help out there with new Driver Assist features like available Blind Spot Monitor with Rear Traffic Alert. It’s engineering like this that earned the Jetta a 2014 IIHS Top Safety Pick+ when equipped with available Forward Collision Warning. There are advantages to playing it safe.

Safety cage
Adaptive airbags†
Intelligent Crash Response System (ICRS)††
Six stability-enhancing systems
Tire Pressure Monitoring System (TPMS)

For countless situations.

Blind Spot Monitor with Rear Traffic Alert.
Available proximity sensors can help detect if another vehicle is coming up from behind or alongside you.‡‡ So whether you’re backing up or trekking forward, the Jetta will alert you when a car is in your blind spot.

Forward Collision Warning.
The available Forward Collision Warning system can help alert you to what’s ahead.‡ If you approach an object too quickly, this system can provide visual and audible warnings. One more way we’re looking out for you.

Adaptive airbags. Our airbags are designed to adapt to crash severity, and special sensors in the doors help deploy the side airbags faster in the event of a side impact. We’re thinking ahead, from many angles.†

Intelligent Crash Response System (ICRS). The Intelligent Crash Response System can automatically disable the fuel pump, unlock the door, and turn on the hazard lights in the event of a collision that activates the vehicle’s airbags.† It’s how your Jetta looks after you, even when you can’t.††

Safety cage.
Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the driver and passengers. We’ve got your back, your seat, and plenty other sides.

Tire Pressure Monitoring System (TPMS).
The Jetta is sensitive, especially when it comes to tires. To stay efficient and safe, the Tire Pressure Monitoring System alerts you to a loss of tire pressure so you know when to put more air in.
Jetta Specs

Black Refelx Silver Metallic

- Brushed stainless steel pedal caps
- Honeycomb mesh grille with sport side skirts, front and rear valances
- Heated windshield washer nozzles
- 18" alloy wheels
- Bi-Xenon high-intensity headlights with LED Daytime Running Lights (DRL) and Adaptive Front-lighting System (AFS)
- Turn-signal control stalk with 1-tap lane change feature
- Glovebox with cooling feature
- 3-spoke, multi-function steering wheel
- Sport bolstered comfort seats
- 6-way manually adjustable front seats
- 2 12V power outlets; 1 in front, 1 in rear
- Speed warning, current fuel consumption, miles to empty, speed
- Multi-function trip computer featuring trip time, trip length, average trip speed, average
- Climate control, manual
- Electronic differential lock
- Brake Assist (HBA) and Engine Brake Assist (EBA)
- DSC® Stabilization System
- Front/rear stabilizer links

Jetta TDI GLI

- 2.0L, 16-valve, DOHC, in-line 4-cylinder turbocharged clean diesel engine with common
- 6-speed automatic transmission with Tiptronic® and Sport mode
- Climaatronic® dual-zone automatic climate control
- 6-speed automatic transmission with Tiptronic® and Sport mode
- tactile shift paddles on steering wheel
- European inspired, 3-spoke, multi-function, flat-bottom leather steering wheel
- Driver and passenger, front and side thorax airbag supplemental restraint system
- Immobilizer III theft-deterrent system
- Forward Collision Warning
- Blind Spot Monitor with Rear Traffic Alert
- Rearview camera
- Fender® Premium Audio System
- Media Device Interface (MDI)* with iPod® cable
- RNS 315 navigation system with 5" color touchscreen and SD memory card reader
- Sound system with MP3- and WMA-compatible in-dash CD player and AM/FM radio

Exterior Colors

Titan Black Two-Tone

- Available with Lighting Package

Volkswagen Car-Net® connected car features**
- 1-year/10,000-mile (whichever occurs first) no-charge scheduled maintenance
- 3-year/36,000-mile (whichever occurs first) Roadside Assistance
- 3-year/36,000-mile (whichever occurs first) New Vehicle Limited Warranty
- 5-year/60,000-mile (whichever occurs first) Powertrain Limited Warranty
- 12-year/unlimited mileage Limited Warranty Against Corrosion Perforation

Dimensions

- Wheelbase 104.4 inches (2,651 mm)
- Rear track 60.3 inches (1,532 mm)
- Ground clearance 5.5 inches (139 mm)/
- Width 70.5 inches (1,791 mm)
- Height 54.8 inches (1,392 mm)
- Wheel diameter 16"/17"
- Tread width 305 mm/305 mm
- Track width 1520 mm/1520 mm
- Headlight diameter 220 mm/220 mm
- Tail light diameter 170 mm/170 mm
- Sunroof area 550 sq. in./550 sq. in.
Accessories installed prior to new vehicle’s delivery are covered for the new vehicle’s Limited Warranty period. Vehicles installed after new vehicle’s delivery are eligible for the remainder of the new vehicle’s Limited Warranty period, or 12 months or 12,000 miles, whichever occurs first.

The Volkswagen Carefree Maintenance Program covers the vehicle’s first scheduled maintenance for one year or 10,000 miles, whichever occurs first, on 2015 models. This program does not apply to 2009-2014 models. Some limitations apply. See dealer or vehicle maintenance program booklet for details, including scheduled service intervals.
